**Subd. 8. Payment Conditions and Capital Equipment Expenditures**

All agreements referred to in this section must be administered on a reimbursement basis unless otherwise provided in this section. For the purposes of administering appropriations and legislatively authorized agreements paid out of the outdoor heritage fund an expense must be considered reimbursable by the administering agency when the recipient presents the agency with an invoice, or binding agreement, with the landowner and the recipient attests that the goods have been received or the landowner agreement is binding. Periodic reimbursement must be made upon receiving documentation that the items articulated in the accomplishment plan approved by the Lessard-Sams Outdoor Heritage Council have been achieved, including partial achievements as evidenced by progress reports approved by the Lessard-Sams Outdoor Heritage Council. Reasonable amounts may be advanced to projects to accommodate cash flow needs, support future management of acquired lands, or match a federal share.
