No.D/ 185 /DIR/IT/2015

Dt:- 30/1/15

CORRIGENDUM

Sub:-RFP for using/replacement existing street light poles to enable multiple NextGen Digital services based on Wifi2G/3G/4G within NDMC Area

Further Clarification

1. Deployment of 2G & future NextGen Communication Technology is allowed.
2. The successful bidder will have to take over all the Street Light Poles (approx. 18500) in three years time with replacement of all poles where New Telecom equipment will be hosted (Minimum 1000 per annum for 3 year), except the poles which already have communication devices. NDMC will not charge for ROW between the poles & will facilitate the provision of laying of duct etc. Concessioner will pay for road cutting charges wherever it is done.

The restoration of Soil, Tiles, CC, Road berms, horticulture will be done by concessionaire. The maintenance of poles will continue with NDMC with the condition that concessionaire will provide spares by way of cameras & LEDs wherever required. The period of concession can be extended by another 10 year after 10 years if the concessionaire has not defaulted on any clause.

Financial Bid Format

One time payment for each pole deployed with required 2G/3G/4G/Future generation Communication Technology
₹ _____/-
