

OFFICE OF DIRECTOR (PROJECT)
NEW DELHI MUNICIPAL COUNCIL
PALIKA KENDRA, NEW DELHI

No. 1348

Dated 25/3/2014

EXPRESSION OF INTEREST

NDMC proposes to establish a chain of Waste-to-Energy Plants of smaller sizes (say 1000 sq.mtr. of land) in various localities of NDMC using latest global technologies. It is proposed that the waste disposal in NDMC would be decentralized in various locations which would also provide micro-generation of power produced and utilized in those localities. Companies having requisite technology and experience may send proposal giving details of

- 1) Area requirement upto 1000 sq.mtr. or so;
- 2) Capacity of waste disposal of daily basis.

Companies having technologies to manage within the given piece of 1000 sq.mtr. land and emission as per DPCB norms, may only send their proposal. Selection will be on the basis of efficiency of conversion from waste to power and capacity of the plant in terms of waste consumption.

The interested parties/firms/companies may send their details to the following address latest by 09.04.2014:

Sh. O.P. Mishra,
Director (Project)
Room No. 7008, 7th floor,
Palika Kendra Bldg.,
NDMC, Parliament Street,
New Delhi – 110001 (India)
