FACE MASKS-----THE TRUTH

The Deputy Medical Officer for England Jenny Harries interviewed on BBC News said "face masks could actually trap the virus and cause the person to breathe it in. They could increase the risk of infection" 12 August BBC News interviewed by Anita McVeigh.

Neurosurgeon Dr Richard Blaylock "if you are not sick you should not wear a mask. They do not protect the public from getting sick but they present serious health risks to the wearer. By wearing a face mask the exhaled viruses will not be able to escape and will enter the olfactory nerves and proceed into the brain" (Principia Scientific International July 2020).

The British Medical Journal April 2015 states "the use of face masks to control respiratory infections is not recommended".

The earloop mask manufacturer says "this product will not provide any protection against Covid-19 or any other virus"

Face masks decrease oxygen intake, increase toxin inhalation such as carbon dioxide that we all breathe out. shuts down the immune system, increases the virus risk. Many cases of people collapsing wearing a mask and even dying.

The RT-PCR TEST IS A FRAUD. This test was discovered by Kary Mullis (Nobel prize 1993) who said it does not detect viruses. The CDC says a Covid-19 positive result just means you have previously contracted the common cold. The test only detects genetic material. (CDC is Center for disease control Washington). 90 percent of positive tests were in fact negative (New York Times).

this_world_unmasked Scumbag Boris has announced that all shop workers must now wear masks or supermarkets will be fined. The "rule of 6" is for "6" more months... until of course the next restriction of our human rights is put into place. Yet again the number 6. Police and military will also receive more funding to enforce fines and arrests. Things will continue to get worse. 🙏

new_earth_now_ New (+ old) science articles proves cell phone radiation activates 🦠 viruses !!! This is why they're called CELL TOWERS. Government knows 5G and even prior cell broadbands causes dormant retroviruses lying in our cells' DNA to activate, yet they keep rolling it out. This is why people with all kinds of health issues are rapidly dying at a quicker rate. Flu shots or any vaccines of the past that have placed viruses inside of you may also activate. The new mRNA vaccines 📄 will contain codes that alter the DNA 🧬 of the patient, rewiring how the body will create new

Bill Gates has become a founding partner in another company, this one is called the [#ID2020](#) Alliance, and its goal is to give every human being on Earth a digital id. How do they plan on accomplishing this feat? By combining mandatory vaccinations with implantable microchips.

robertfkennedyjr A Question for Dr Tony Fauci: If COVID infection fatality ratios (IFR) drop below those for seasonal flu(.1), can anyone justify continued lockdowns? Without mass deaths, it would seem that there is no pandemic. These graphs suggest that many European countries are past that key inflection point. Death rates have dropped below death rates for seasonal flu. The Pandemic is therefore finished. Nevertheless, in some countries, health regulators have ramped up antibody testing multiplying reported cases allowing lockdown proponents to exploit public fears. Some of this testing utilizes notoriously faulty PCR tests that reliably yield false positives. Expanded testing and decreased
