Doctors Around the World Issue Dire WARNING: DO NOT GET THE COVID VACCINE!!

In an effort to combat Big Pharma Corporate Media and Big Tech censorship, doctors around the world are frantically trying to warn the masses of the devastating effects of the experimental COVID vaccines about to be mass injected into the unsuspecting public assisted by military forces around the world.

What could possibly motivate these doctors, nurses, scientists, and other health professionals to make such an impassioned plea? What do they have to gain by taking the time to educate the public on the hidden dangers of a new class of vaccine about to be inflicted upon the citizens of countries around the world?

They have NOTHING TO GAIN, and much to lose, including their careers, and possibly even their lives.

So why are they doing this? Why are these doctors and professionals being censored so much if the new COVID vaccines are in fact "safe and effective"? What is it that the media and the government are hiding that they don't want the public to know?

Directly from a nurse -

FUN fact: We now have more patients in the hospital for covid vaccine complications and bacterial lung infections from wearing masks than we do covid patients.

I got into a discussion with my father the other night. He said he would never mention the V word again if I can show him a package insert that says autism is a possible adverse reaction. I cannot find it and I know I've seen it there. Does anyone have a link they can share with me?

Ein genialer Kriegsplan
Der Plan der Globalisten, einen harmlosen Virus als Zünder für ihre Neue Weltordnung zu erschaffen und diesen mit ihrer Weltmacht Medien zu einer globalen Panik hochzupuschen, war – das muss man zugeben – genial und wohl einer der besten Pläne, die jemals für einen Krieg erdacht wurden.

About

VAXXED FROM COVER-UP TO CATASTROPHE is the film that documents the investigation into how the CDC (Centers for Disease Control and Prevention), the government agency charged with protecting the health of American citizens, concealed and destroyed data on their 2004 study that showed a link between the MMR vaccine and autism. This alarming deception has contributed to the skyrocketing increase of autism, potentially the most catastrophic epidemic of our lifetime.
