HARMONY DEM

In all our collective time living in the Virgin Islands, there have only been a few days of bad weather. Unfortunately, they all had names - Hugo, Marilyn, Bertha, etc. . . Soon after the first day of bad weather in 1989, with the island still lacking electric power, telephone and cable tv service, Don Edwards, Polly Watts, and Fred Watts got together to sing. A gig came onto the horizon and the search for a group name began. With the whole focus of the group being to sing tight harmonies, the name "Harmony Dem" (multiple harmonies in island slang) seemed to fit. With the support of Grizz Skeels, who joined us on bass in 2001, we've been singing harmony together for 14 years. We invite you to sing along with us as we celebrate the harmony of life and the cooperative effort of our musical souls.
