THE SUPREME COURT OF THE STATE OF OHIO

Dear Ohioans,

This first ever annual report on the Judicial Assignment Program is designed to provide transparency in Ohio's judicial system. Article IV, Sections 5(A)(3) and 6(C) of the Ohio Constitution and Ohio Revised Code Sections 1901.121 and 1907.141 authorize the Chief Justice of the Supreme Court of Ohio to assign a judge to hear a case in any of Ohio's courts. In 1988, the late Chief Justice Thomas J. Moyer established Guidelines for the Assignment of Judges for the administration of the assignment program. Over the years the Guidelines have been amended to bring additional clarity to the program, including amendments adopted in 2023.

This report is organized to provide you with a brief history of the program and a look at the reasons why the administrative judge of a court may request the assignment of a judge, which Chief Justice Moyer more aptly called "justifications" for the assignment. These justifications include recusals, where the judge presiding over the case has a conflict of interest; general assignments, where the judge needs to be absent due to illness, family emergency, vacation, or attendance at a judicial-education program; and other reasons such as the judge having a disrupted or overburdened docket.

The report illustrates the number of assignments that occurred in 2023. These numbers are broken down by assignment type, court type, and assigned-judge status. Due to the consistent application of the Guidelines, general assignments decreased to the lowest level in years even though recusal and other types of assignments increased. Most judicial assignments were made at the trial-court level and retired judges made up approximately 80 percent of the assignments. Although acting judges serving on the county and municipal courts are not assigned by the Chief Justice, the report also documents their numbers as well.

Next displayed are the costs of assigning judges, as well as the costs for using acting judges on municipal and county courts. These costs are over and above the cost of sitting judges' salaries. You will see that the costs of assigning retired judges for judicial duty decreased by hundreds of thousands of dollars in 2023, even though there were more assignments made in that year.

Then the report shows how backlogs in 2023 were eliminated. In 2022, it took more than 20 days on average to process a request for the assignment of a judge. By the last quarter of 2023, the average time to process a request decreased to less than a day. This is largely due to the successful implementation of the amended Guidelines for Assignment of Judges, which made the assignment program more predictable, transparent, and consistent.

Lastly, this report provides the opportunity to express gratitude to those sitting judges who go the extra mile and hear cases as part of the Judicial Assignment Program. When a sitting judge accepts a judicial assignment, it not only demonstrates their devotion to the bench and bar, but it also saves taxpayer money.

After you read this annual report, the court hopes you will see that the Judicial Assignment Program secures to the people of Ohio the timely administration of justice, all in a cost-effective manner.

May God bless you!

Sharon L. Kennedy

Chief Justice

The Judicial Assignment Program utilizes necessary judicial resources to ensure the timely administration of justice. The program established guidelines, provided trainings, and enhanced the use of the Interactive Generator of Online Requests (IGOR) to facilitate the timely assignment of judges. The use of these tools ensures predictability, transparency, and consistency within the assignment program.

History of the Ohio Judicial Assignment Program

Article IV, Sections 5(A)(3) and 6(C) of the Ohio Constitution and Ohio Revised Code Sections 1901.121 and 1907.141 vest the chief justice of the Supreme Court of Ohio with the authority to make temporary assignments of sitting and retired judges to serve on any Ohio court in the absence of a sitting judge. Judicial assignments are subject to constitutional, statutory, and rule-based limitations.

In 1987, Chief Justice Thomas J. Moyer formed the first documented “Visiting Judge Committee” to make recommendations on the appointment process of visiting judges and to identify areas of improvement to save on cost.¹ On May 21, 1988, the Guidelines for the Assignment of Judges were adopted to bring clarity, establish criteria, and provide an effective and efficient method for the assignment of judges.² Included in the guidelines were the reasons that would justify the assignment of a judge.

1 [1987 Supreme Court of Ohio Annual Report](#)

2 [1988 Supreme Court of Ohio Annual Report](#)

In April 2023, Chief Justice Sharon L. Kennedy met with judges throughout the state in a joint effort to improve the effectiveness and efficiency of the assignment process. This resulted in clarifications to the Guidelines that more precisely described the circumstances supporting the assignment of a judge. The revised guidelines were announced on October 2, 2023.

As the year progressed, the amended guidelines were key to ensuring a predictable, transparent, and consistent workflow process. Improvements were also made to IGOR. Additionally, Chief Justice Kennedy and Judicial Assignment Analyst Dahria Beaver hosted webinars to answer questions from judges and court administrators regarding the amended assignment criteria. More educational opportunities will be available in 2024.

Types of Requests

An administrative judge, or their designee, may submit a request for the assignment of a judge or judges using IGOR. For purposes of data collection and reporting, request types have been grouped into the categories below:

Case-Recusal: An administrative judge may request the assignment of a judge if there is a recusal due to a conflict of interest.

This category also includes instances when a sitting judge or a retired judge is disqualified as the result of an affidavit of disqualification while serving on a single-judge court of common pleas, municipal court, or county court with no divisions or a single-judge division in a multiple-division court of common pleas, municipal court, or county court.

Case-Other: When the Chief Justice has previously assigned a sitting or retired judge to hear a case, and that case has been re-activated or re-opened or a related case has been filed, re-activated, or re-opened, an administrative judge may request an assignment of the previously assigned judge.

This category also includes disrupted docket requests for when a sitting judge has an extended trial scheduled and the administrative judge of a court or division of a court determines that the extended trial will interfere with the remainder of the sitting judge's docket.

General: An administrative judge may request the assignment of a sitting or retired judge for a specific time-off request for a sitting judge due to personal time, family emergency or illness, attendance at a legal education program, or attendance at a meeting of a state or national judicial association. The administrative judge must comply with the Rules of Superintendence and with the attestation requirement in Guideline 5.01 (B), as applicable.

The general assignment category also includes on-call assignments. A sitting judge of a single-judge court or division may request the on-call assignment of a sitting or retired judge to guard against potential docket interruptions due to personal illness or family emergency of the sitting judge that prevents the sitting judge from attending to the sitting judge's docket.

Further, an administrative judge of a court or division of a court may also request the assignment of a judge to assist with alleviating an overburdened docket.

Finally, in the event of a vacancy on any court, the Chief Justice may assign a sitting or retired judge to serve during the period of the vacancy.

Special: An administrative judge may request the assignment of a sitting or retired judge for a special circumstance not covered by the reasons enumerated in the Guidelines.

Wedding: A judge may be assigned to solemnize marriage ceremonies.

Assignments by Category

Table 1 illustrates the number of requests by type over the past five years. 2023 saw a record high in requests. The majority of requests in 2023 were for case recusals. Notably, general assignments have decreased in 2023. The decrease is a direct result of the consistent application of the Guidelines.

Table 1. Number of Assignments by Court Type

Assignment Type	2019	2020	2021	2022	2023	Jan-June 2023	July-Dec 2023

Total		3,641	3,208	3,653	3,795	4,005

Assignment by Judge Type

Table 3 illustrates assignments in 2023 by assigned judge status and assignment type. “Sitting judge” means a person who currently serves on any Ohio court by reason of election or gubernatorial appointment. When sitting judges take assignments to work in other courts, in most circumstances these assignments save taxpayer funds given that the sitting judges are generally only reimbursed for incidental expenses associated with travelling to their assigned courts.

“Retired judge” means a person who left judicial service on any Ohio court either voluntarily by reason of resignation or retirement or involuntarily under Article IV, Section 6(C) of the Ohio Constitution because of attaining the age of 70 years before assuming office. The majority of requests are filled by retired assigned judges, and in 2023 they were mostly used for case recusals.

Table 3. Number of Assignments by Assigned Judge Status and Assignment Type

Judge Status	Assignment Type	2019	2020	2021	2022	2023

Acting Judges

The General Assembly in R.C. 1901.121 and 1907.141, provides a judge of a municipal or county court the authority to appoint an acting judge when a municipal or county court judge is temporarily absent. An acting judge may be a sitting judge or retired judge. An acting judge may also be an Ohio licensed attorney who has been engaged in the practice of law in Ohio for a total of six years preceding the appointment and who lives in the territory of the court or a contiguous territory. In a single judge municipal or county court, that judge may appoint an acting judge. In a multi-judge municipal or county court, it is the presiding judge who has the authority to appoint an acting judge.

Ohio taxpayers pay for the services of acting judges. Under H.B. 166 (133rd GA), effective October 17, 2019, the Supreme Court of Ohio reimburses local treasurers for the per diem costs of acting judges. H.B. 166 also triggered some county treasurers to seek reimbursement of the state share of acting judge compensation paid in periods before 2019.

Table 4 illustrates the number of registered acting judges by county and the estimated days worked based on reimbursement sought by local county treasurers.

Lucas County Court of Common Pleas, Toledo

Costs of the Assigned Judge Program and of Acting Judges

Table 5 illustrates both an overview of compensation paid to assigned judges and reimbursements paid out by the Supreme Court of Ohio for acting judges for fiscal years 2021-2023.

A detailed cost analysis of compensation by court type may be found in **Appendix A**.

The acting judge compensation figures shown in **Appendix A** are the combined state and local shares based on the reimbursement requests from the county treasurers. The amounts shown reflect the reimbursements made by the Supreme Court during that year. The amounts may also include some requests for reimbursement by county treasurers for work performed predating the year of the reimbursement, which was especially prevalent in 2019 following the enactment of H.B. 166.

Important Note: Due to data limitations, the expenditure totals for acting judges per county in **Appendix A** do not include a breakdown of expenditures attributable to each municipal or county court. Only if a county has either a single municipal court or a single county court will the acting judges total be attributed to that court. The Supreme Court recently began collecting data that will allow for a breakdown of current and future years to be available in future reports.

Table 5. Compensation Paid to Retired Assigned Judges and Acting Judges

Retired Assigned Judges					
Court Type	2019	2020	2021	2022	2023
Appellate	\$ 23,437	\$ 322	\$81,252	\$ 107,726	\$ 2,897
Common Pleas	\$ 3,258,643	\$ 2,734,786	\$ 3,117,374	\$ 3,174,907	\$ 3,364,976

Municipal/County	\$1,499,107	\$526,338	\$449,666	\$429,074	\$565,721

Backlogs Eliminated

In 2023, Chief Justice Kennedy tackled the backlog of case requests in the judicial assignment program. In the beginning of July, a major goal of the program was to decrease the time required to process requests (run rates) to less than forty-eight hours. By the end of the year, the goal was met and exceeded. As a result, 2023 ended with no requests pending for the assignment of a judge.

The foregoing tables include weekends and holidays. Table 6 illustrates the overall yearly run rates from 2019–2023. Table 7 illustrates the same yearly run rates by request types. Beginning in the third quarter of 2023 and through the end of the year, the run rates were dramatically reduced. This was a result of enhanced communications with administrative judges and court staff, as well as consistent implementation of the amended Guidelines for Assignment of Judges.

Table 6. Average Days to Process Requests

Period	Average Days
2019	16.7
