 Permanent Mission
of Austria to the
United Nations in New York

12 August 2024

Excellencies,

We have the honour to address you in our capacity as **Co-Chairs of the Intergovernmental Negotiations** on the question of equitable representation on and increase in the membership of the Security Council and other related matters to the Security Council (IGN) during the 78th session of the General Assembly.

With reference to our letter dated 3 July 2024, we have the honor to transmit to you the **final revised version** of the IGN contribution to the Pact for the Future that we intend to submit to the Co-Facilitators of the Summit of the Future. This language contains some **minor changes and updates** in comparison to the language circulated on 3 July 2024, which are mostly of a technical and editorial nature and aim to bring the text in line with the language of the Rev.2 of the Pact for the Future currently being negotiated.

Based on the overwhelmingly positive feedback received on the version of the text circulated on 3 July 2024 and taking into account the extensive consultations held with delegations subsequently over the past weeks, the Co-Chairs are confident that the text now enjoys the **widest possible political acceptance** among delegations, as stipulated in decision 62/557. In our view this text is the best compromise achievable, striking a **fair balance** between the various positions expressed in the framework of the IGN while maintaining a high level of ambition. Though we have not been able to accommodate the wishes of all delegations, we believe that this compromise should enable all Member States to feel comfortable since it contains **concrete and forward-looking commitments on substance, process and interim measures while leaving the options open with regard to key issues**, where there is no consensus at this stage.

With this text, the IGN should be able to continue its work at the next session with renewed vigor and an additional mandate from our political leaders to achieve progress on Security Council reform – a desire that all UN Member States share.

We thank all delegations for their constructive spirit and engagement throughout the negotiations which demonstrated clearly the commitment to and the utility of the IGN. We would also like to use this opportunity to express our personal gratitude to the President of the General Assembly and his Office for the trust and confidence placed in us and to all delegates who participated in the negotiations for their continued support, patience and understanding. It has been an honor to serve the UN membership in this capacity.

Please accept, Excellencies, the assurances of our highest consideration.

5. Transforming global governance

Action 1: We will reform the UN Security Council, recognizing the urgent need to make it more representative, inclusive, transparent, efficient, effective, democratic and accountable.

1. In response to the growing urgency to increase the effectiveness of the United Nations' abilities to maintain international peace and security as set out in the UN Charter, we agree on the following guiding principles identified in the Intergovernmental Negotiations on the question of equitable representation on and increase in the membership of the Security Council and other matters related to the Council (IGN) in accordance with decision 62/557 of the General Assembly as parameters for reform:
 - (a) Redress the historical injustice against Africa as a priority and, while treating Africa as a special case, improve the representation of the underrepresented and unrepresented regions and groups, such as Asia-Pacific and Latin America and the Caribbean.
 - (b) Enlarge the Security Council in order to be more representative of the current UN membership and reflective of the realities of the contemporary world and, taking into account our commitments of Sustainable Development Goal 16.8, increase representation of developing countries and small- and medium-sized states.
 - (c) Continue discussions on the issue of representation of cross-regional groups, taking into account that Small Island Developing States, Arab States, and others, such as the OIC, have been mentioned in the discussions of the IGN.
 - (d) Intensify efforts to find an agreement on the question of the categories of membership taking into account the discussions held in the IGN process. The reform will include, but not be confined to, an expansion of 2-year term non-permanent seats as part of a comprehensive Security Council reform.
 - (e) The total number of members of an enlarged Council should ensure a balance between its representativeness and effectiveness.
 - (f) The working methods should ensure the inclusive, transparent, efficient, effective, democratic and accountable functioning of an enlarged Council.
 - (g) The question of the veto is a key element of Security Council reform. We will intensify efforts to reach an agreement on the future of the veto, including discussions on limiting its scope and use.
 - (h) As part of a comprehensive reform, the inclusion of a review clause should be considered to ensure that the Security Council continues over time to deliver on its mandate and remains fit for purpose.

Action 2: We will strengthen our efforts in the framework of the Intergovernmental Negotiations on Security Council Reform as a matter of priority and without delay.

2. We support the Member States driven nature of the reform of the Security Council, and will intensify efforts for the reform through the IGN in accordance with General Assembly Decision 62/557 and other relevant resolutions and decisions of the General Assembly, such as resolution 53/30. Building on the recent progress achieved in the IGN, including through more transparency and inclusivity and by enhancing its institutional memory, we decide to:
 - (a) Encourage the submission of further models and the revision of already presented models by States and Groups of States for the structured dialogues with a view to developing a consolidated model in the future based on convergences on the five clusters, and the models presented by Member States.

Action 3: We will strengthen the response of the Security Council for the maintenance of international peace and security and its relationship with the General Assembly.

3. We will continue to improve and democratize the working methods of the Security Council and strengthen its relationship with the General Assembly, in accordance with and with full respect for their respective functions, authority, powers, and competencies as enshrined in the Charter, with the understanding that this should not substitute the reform of the UN Security Council outlined in Action 1. We decide to:
 - (a) Fully implement and adhere to all provisions of the United Nations Charter as they relate to the decision-making process in the UN Security Council, including Art. 27 (3) of the UN Charter.
 - (b) Support credible, timely and decisive action by the Security Council, in exercise of its primary responsibility for the maintenance of international peace and security, to prevent or end the commission of genocide, crimes against humanity or war crimes.

- (c) Actively reinforce the ongoing efforts of the Security Council to review and enhance its working methods, including inter alia, penholding and co-penholding arrangements, and strengthen the cooperation and communication between the Security Council and the General Assembly and its subsidiary bodies, including the Peacebuilding Commission, as well as the Economic and Social Council and regional and sub-regional arrangements, including by continuing to fully implement and make use of General Assembly Resolutions 377A(V) (“Uniting for Peace”) and 76/262 (“Veto Initiative”).
- (d) Improve the participation in and access to the work of the Security Council and its subsidiary organs for all members of the General Assembly, to enhance the Council's accountability to the membership and increase the transparency of its work.
