

NETHERLANDS - UNDP PARTNERSHIP

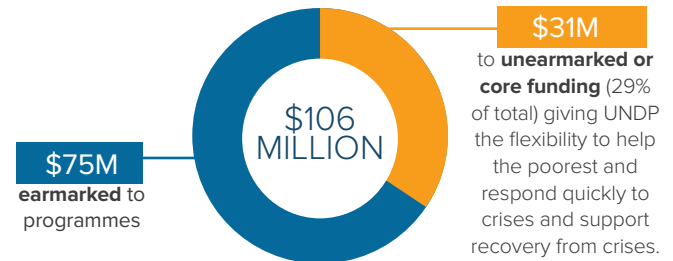

The Kingdom of the Netherlands is a vital partner in UNDP's mission to work with countries to expand people's choices for a fairer, sustainable future to build the world envisioned by the 2030 Agenda for Sustainable Development with the planet and people in balance. As our 7th-largest OECD-DAC government contributor, the Netherlands' investment enables us to accelerate and scale-up development results to bring the SDGs back within reach, fostering collective action and ambition. Our partnership with the Netherlands is essential for addressing development challenges with multidimensional risks compounded by climate change, the COVID-19 pandemic, and conflict. The Netherlands primarily focuses on **1) preventing conflict and instability, 2) reducing poverty and social inequality, 3) promoting sustainable, inclusive growth and climate action worldwide, and 4) gender as a cross-cutting priority.**

Together we help countries on their path **towards more inclusive, green, and digital transitions, promote leaving no one behind through a rights-based approach centered on human agency, and build resilience in the face of systemic uncertainty and risk.**

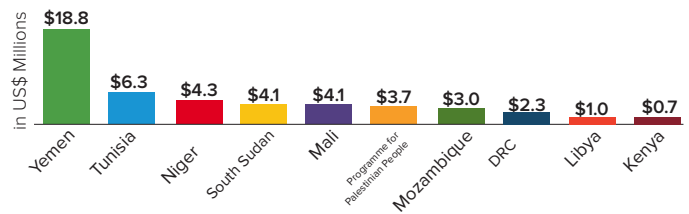

UNDP global results 2022:

-  **25 MILLION PEOPLE** gained access to essential services
-  **46 COUNTRIES** implemented risk-informed and gender-responsive recovery solutions
-  **27 MILLION NEW VOTERS** registered, 51% being female
-  **11 MILLION PEOPLE** benefited from jobs and improved livelihoods in crisis or post-crisis settings 49% being female

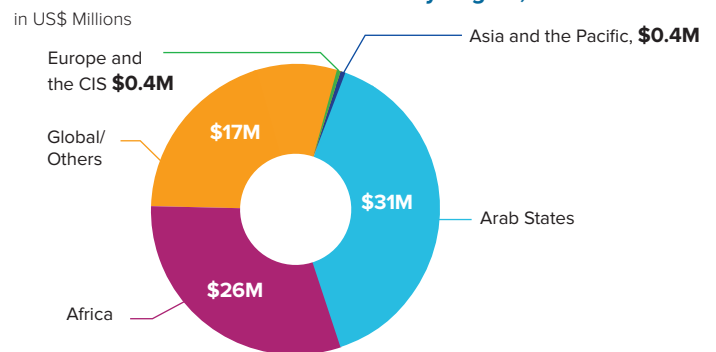

In 2022, the Netherlands Government contributed a total of more than USD 106 Million.

Top 10 recipient countries/territories of Netherland's contributions (non-core)

Netherlands' non-core contributions by Region, 2022

Data is preliminary as of April 2023

The Netherlands' support is making a difference in people's lives through UNDP's global network, helping to achieve just transitions, leave no one behind, and support gender equality. Below are select activities in 2022.

Niger

Since 2022, the Penitentiary System Strengthening Programme (PRESPEN) is implementing prison reform to ensure that 40 Niger prisons comply with international standards for treating prisoners (Mandela Rules). With funding of € 20.2 million over 5 years, the programme offers extensive support for improving penitentiary services (detention conditions, prison services management, socio-economic reinsertion).

Mali

Over \$20 million has already been granted, and an additional \$6 million is under discussion for activities related to the fight against corruption. Significant results have been achieved thus far, with 509 conflict prevention mechanisms established, more than 120 conflicts resolved and a 12% increase in women's access to land.

Mozambique

UNDP is implementing the Stabilization Programme in the 6 most affected districts of Cabo Delgado to re-establish trust between the legitimate authorities and the community. 2,808 people (1,313 women have received livelihood opportunities through the Cash for Work initiative and a donation of 4,000kg of seeds and farming tools benefiting 4 000 households.

The Netherlands and other partners' support to unearmarked "core" funding in 2022 enabled UNDP to:

Focus on the poorest: 86% of core programme resources are allocated to Low-Income Countries

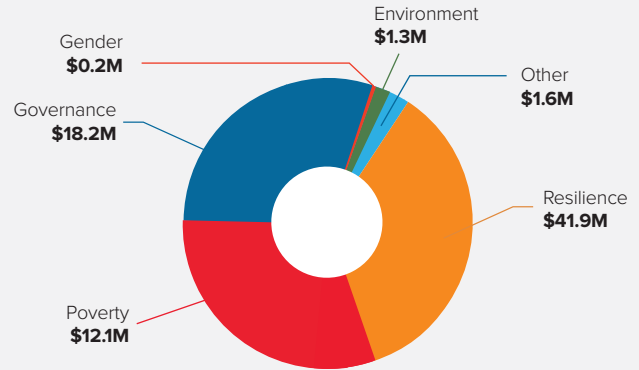

Underpin our programmes with policy expertise: Focusing on human rights and gender equality, core resources help us apply robust social and environmental standards to all our projects.

Invest in stronger oversight systems: Received a clean audit opinion for 17 years in a row

The Netherlands' Non-Core Contributions by Signature Solutions and Others, 2022

UNDP is committed to driving **innovation** and ingenuity, **delivering maximum value** for every dollar invested. We are **continuously improving** and overhauling our business processes to match the best management practices of the 21st century.

It is time to set a new benchmark for the future of development. **#FutureSmartUNDP** will enable us to help countries go beyond solving immediate development challenges and confronting present complexities by effecting systemic changes and be better equipped for the future.

Our goal? To remain a **trusted development partner**, able to respond effectively to new and emerging needs in an increasingly turbulent world. The Netherlands' support helps us do that. UNDP's work worldwide is made possible with the long-standing support of the government and people of The Netherlands.

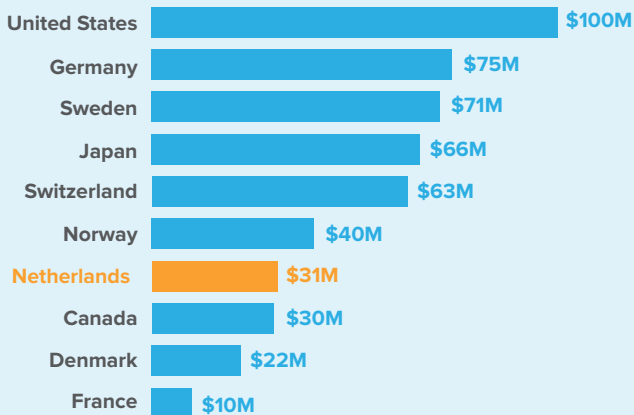

The Netherlands' support underpins UNDP's commitment in its new Strategic Plan 2022-2025 to go beyond recovery towards Agenda 2030 and the Sustainable Development Goals.

With support from partners such as The Netherlands, UNDP continues to support climate action and spearheaded initiatives focusing on poverty reduction, stabilization, governance, and the Rule of Law. UNDP is working to protect development gains while advocating for a green and inclusive recovery enabled by climate-friendly and digital innovations.

We know that delivering results at the speed and scale needed to reach Agenda 2030 depends on close partnerships with diverse actors working towards common goals. UNDP's longstanding partnerships leverage the diverse capabilities, resources and knowledge of our partners from the UN System, Civils society, private sector and academia.
