

OUR PARTNERSHIP

A commitment to long term flexible funding

Denmark has been leading the way in promoting gender equality and protecting women's and girls' rights, particularly by providing core resources to UNFPA. Denmark enables UNFPA to promote international norms, plan programmes, develop policy and advocacy, and deliver technical expertise more efficiently.

Provider of life-saving supplies

The UNFPA Supplies Partnership is a global leader in providing contraceptives and vital maternal health medicine. As the Partnership's third-largest donor, Denmark and UNFPA are working together to support countries in their efforts to overcome barriers to family planning and set the stage for sustainability.

Allies amid adversity

In the onset of a crisis, women and girls face immense challenges. Core and other flexible funds mean UNFPA can plan ahead, be prepared and mount a nimble response to complex crises. As one of UNFPA's top humanitarian donors, Denmark's humanitarian support means UNFPA is able to deliver sexual and reproductive health services and gender-based violence response and prevention to the most vulnerable women and girls.

ABOUT UNFPA

UNFPA is the United Nations sexual and reproductive health agency. Our mission is to deliver a world where every pregnancy is wanted, every childbirth is safe and every young person's potential is fulfilled.

All UNFPA funding is voluntary – we rely on partners and donors like you to champion our mission and support our programmes!

Our three transformative results:

end preventable maternal deaths

end the unmet need for family planning

end gender-based violence and all harmful practices

Read more about the Denmark and UNFPA engagement on UNFPA's website:

UNFPA and Denmark

A partnership for women and girls

Denmark's steadfast support to UNFPA means more women and girls worldwide are empowered to realize their full potential while being shielded from violence and harm.
