

OUR PARTNERSHIP

A commitment to flexible funding

Core donors are indispensable to UNFPA's mission. Core funding means UNFPA is able to plan ahead and play a global normative role as an advocate for sexual and reproductive health, enabling us to deliver long-lasting, sustainable results that promote, protect and fulfill human rights. By prioritising core funding, Finland empowers UNFPA to achieve transformative results, leaving no one behind.

Transforming values into action

Finland emphasizes strengthening women's rights, fostering inclusive education and supporting peaceful societies. These values form the foundation of Finland's collaboration with UNFPA, driving initiatives aimed at advancing sexual and reproductive health and rights, combating gender-based violence, and advocating for persons with disabilities.

Leaving no one behind

Together, Finland and UNFPA empower marginalized communities by fostering resilience and progress towards a more inclusive and equitable world. In Tanzania, this partnership aims to empower young women and adolescent girls, including those with disabilities, to claim their rights to be protected from any form of violence and harmful practices.
