- Uploadable formats include, but are not limited to, .pdf, .doc, .docx, .jpg, .png, etc. For specific file types, please see the MarineNet Help Center topic: Library.

*CAC login required to view CUI content.

SOME FACTS

The Library items are accessible on all devices after logging into the Ecosystem so you can view or upload items from home, work, or the field.

Units and schoolhouses can sponsor, manage the upload and review process of generated content.

Accessibility

Offers single sign-on from MarineNet eLearning Ecosystem Portal, requiring all users to have an active MarineNet account.

Users can access content using their CAC* or username and password login.

MarineNet Library is an exclusive platform open only to registered users of the MarineNet eLearning Ecosystem and is hosted by the Marine Corps University's College of Distance Education and Training.
