Join us to learn what it's about!

MINDFULNESS MEDITATION

is a VA-supported technique that can help you to better manage the challenges and stressors of everyday life. Mindfulness Meditation class provides an opportunity to learn about and practice mindfulness meditation techniques. This class encourages the cultivation of awareness, compassion, and acceptance. Classes are once per month, and are conducted by phone. During each class, a topic related to mindfulness is introduced, followed by a guided meditation practice. The War Related Illness and Injury Study Center (WRIISC) runs this class. **Come practice with us!**
