Subject: Soliciting Comments until January 19, 2024 on Discontinuing the Texas/Oklahoma Panhandles Supplementary Observations (AGO) Product

The NWS Amarillo, TX Weather Forecast Office (WFO AMA) is soliciting comments on a proposal to discontinue its issuance of the Texas/Oklahoma Panhandles Supplementary Observations (AGO) text product. This product provides the daily high and low temperatures, rainfall, soil temperature and evaporation data for cooperative weather stations across the Texas and Oklahoma panhandles.

The information contained in the AGO duplicates information contained in other text products as well as various websites.

The information contained in this product is also available at:

<https://www.weather.gov/wrh/Climate?wfo=ama>
https://www.cpc.ncep.noaa.gov/products/GIS/GIS_DATA/JAWF/
<https://www.nrcs.usda.gov/resources/data-and-reports/soil-climate-analysis-network>

Product Proposed for Discontinuance:

Product Name	AWIPS ID	WMO Heading
-----	-----	-----
Texas/Oklahoma Panhandles Supplementary Observations	AGOAMA	SHUS44 KAMA

Please submit questions or comments regarding this proposed discontinuance by January 19, 2024 to:

Michael Gittinger
Meteorologist-in-Charge
NWS Amarillo
Amarillo, TX
(806) 335-1121
