Service Change Notice 23-105  
National Weather Service Headquarters Silver Spring MD  
300 PM EST Mon Nov 13 2023

To:           Subscribers:  
              -NOAA Weather Wire Service  
              -Emergency Managers Weather Information Network  
              -NOAAPort  
              Other NWS Partners, Users and Employees

From:         Douglas C. Young, Chief  
              Digital and Graphical Information Support Branch

Subject: NWS to Redirect and Decommission Enhanced Data Display, Effective  
November 29, 2023

Effective November 29, 2023, at 1400 Coordinated Universal Time (UTC), the  
Enhanced Data Display (EDD) at:

<https://preview.weather.gov/edd>

will redirect to the NWS Geographic Information System (GIS) Viewer:

<https://viewer.weather.noaa.gov/general>

On December 13, 2023, the EDD will be removed from service and the  
redirect will be removed.

This Service Change Notice is a follow-on to the comments received in  
Public Information Statement 23-31:

[https://www.weather.gov/media/notification/pdf\\_2023\\_24/pns23-31\\_edd\\_potential\\_edicommission.pdf](https://www.weather.gov/media/notification/pdf_2023_24/pns23-31_edd_potential_edicommission.pdf)

The comments received were taken into consideration and the NWS GIS Viewer  
has been improved based upon that feedback. Further requests for  
functionality can be made to [nws.gisviewer@noaa.gov](mailto:nws.gisviewer@noaa.gov). Additional  
functionality will be added in the future.

Any future tools for Display of NWS information will be added to  
<https://www.weather.gov/gis>.

If you have questions, please contact:

Brian Miretzky  
NWS Digital and Graphical Information Support Branch  
Silver Spring, MD
