              -Emergency Managers Weather Information Network  
              -NOAAPort  
              Other NWS Partners, Users and Employees

From:         Chris Vaccaro  
              Director, NWS Communications Division

Subject: JetStream - the National Weather Service Online Weather School  
URL Change: Effective June 7, 2023

Effective June 7, 2023, [weather.gov/jetstream](https://weather.gov/jetstream) and all sub-pages have been redirected to [noaa.gov/jetstream](https://noaa.gov/jetstream), the newly redesigned version of JetStream - the National Weather Service Online Weather School.

The move to the [noaa.gov](https://noaa.gov) platform allows for greater flexibility in presentation, including but not limited to, a mobile-friendly site, and revamped navigation.

The URLs that are affected are <https://weather.gov/jetstream> and all sub-pages.

For example, <https://weather.gov/jetstream> now redirects to:  
<https://noaa.gov/jetstream>

and

[https://www.weather.gov/jetstream/lightning\\_intro](https://www.weather.gov/jetstream/lightning_intro) now redirects to:  
<https://noaa.gov/jetstream>.

As such, all bookmarks and links to specific pages at [weather.gov/jetstream](https://weather.gov/jetstream) will need to be changed to their corresponding pages on [noaa.gov/jetstream](https://noaa.gov/jetstream), which can be found in the navigation menu there.

For example, [https://www.weather.gov/jetstream/lightning\\_intro](https://www.weather.gov/jetstream/lightning_intro) will need to be changed to <https://www.noaa.gov/jetstream/lightning>.

For questions on this change, contact:

Corey Pieper  
NWS Digital COMMS Strategy Lead
