

BLUEY EASTER EGG HOLDER

You will need:

- Blue coloured paper
- Scissors
- Chocolate egg
- Glue

1. Print and glue the templates to the blue coloured paper. Carefully cut around the dotted lines.

2. Cut a rectangle of blue paper, to suit the width of your chocolate egg. Then glue Bluey's front and back flaps to the rectangular base, as shown.

3. Place the chocolate egg horizontally in the centre of the holder. Finish by gluing the two sides together, to keep the egg nice and snug.

Happy Easter, from Bluey!
