

You will need:

- A grown up to help with the hot glue gun and scissors
- Felt in different colours: *light brown, medium brown, dark brown, white, green, pink, black*
- Template downloads
- A marker pen
- A glue gun
- Scissors
- Hook and loop tape

Replicate the steps for each feeling, using the template downloads and your other utensils.

MAKE SURE AN ADULT DOES THE CUTTING AND GLUEING!

1. Take two pieces of brown felt and draw around the Duggee head template with your marker

2. Cut out the Duggee head template along the black line

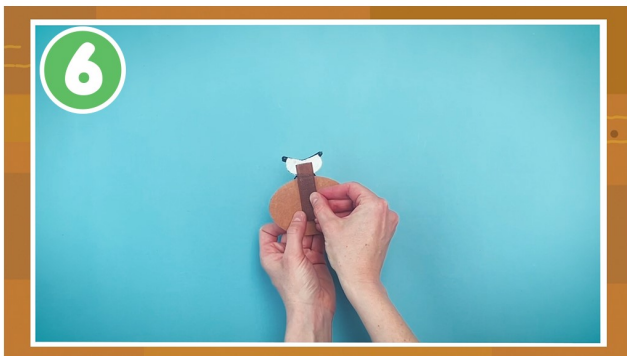

3. Cut the felt and stick the two pieces together with the glue gun. Remember to leave the bottom open so you can put your hand inside

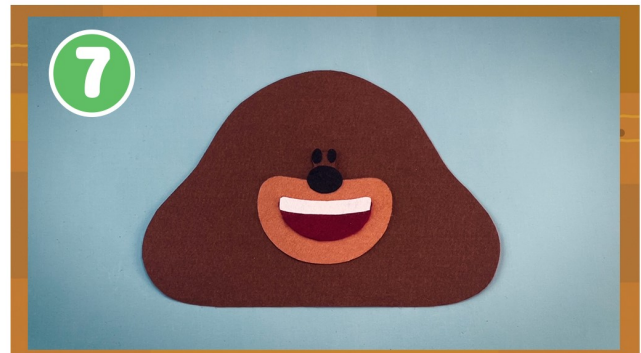

4. Stick a strip of hook and loop tape to one side. Now you have Duggee's head!

5. To make the different faces, use the template to draw and cut out your felt shapes. You should have eyes, a mouth and a nose for each emotion (The pictures will show you which felt colours to use for each part)

6. Stick each piece together and add another strip of hook & loop fastening material to the back of the features

7. Once you have each of your emotions ready, you're all set to make your Duggee 'Work It Out' puppets
