**IV. ASSUMPTIONS**

Pursuant to Section 32.065, RSMo, the Director of Revenue is mandated to establish an annual adjusted rate of interest based upon the adjusted prime rate charged by banks during September of that year, as set by the Board of Governors of the Federal Reserve, rounded to the nearest full percentage. The actual bank prime loan rate noted by the Federal Reserve in 2024 is eight point five percent (8.5%). The statute requires the interest rate be “rounded to the nearest full percent”; therefore the delinquent rate will be nine percent (9%).
