## Migrants in Irregular Situation

For years, Türkiye has remained under migratory pressure not only because the country is hosting the largest Syrian refugee population in the world, but also it continues to receive migration flows due to, among other factors, forced migration from Afghanistan and labor migration from Central Asia and Africa. Along being a host country and intended destination, due to its location on migration routes from Central Asia, Middle East and even Africa towards Europe, Türkiye is also a transit country. According to PMM figures<sup>7</sup>, the number of migrants in irregular situation apprehended in Türkiye reached a peak in 2019, followed by a sharp decrease due to COVID-19 pandemic in 2020, and has been on the rise ever since. Accordingly, 2022 recorded the second highest yearly number of migrants in irregular situation apprehended by authorities in Türkiye. Top nationalities of migrants in irregular situation do not include only those who enter Türkiye irregularly (e.g., Afghan, Pakistani, Bangladeshi nationals) but also those who enter the country through regular means but overstay their visa or visa-free period and become irregular (e.g., Turkmen, Uzbek, Moroccan nationals).

## Intercepted and Rescued Persons on Sea

The Turkish Coast Guard (TCG) recorded 2,909<sup>8</sup> migrants in irregular situation and no deaths in July 2023. Comparing to July 2022, there is a decrease of 2,194 intercepted individuals, when 5,103 migrants in irregular situation were recorded.<sup>5</sup> These figures only include those intercepted and rescued by the TCG, while the actual number of migrants and refugees who attempt to cross from Türkiye to Europe by sea may be higher. Interceptions/rescues at the so-called ‘hotspots’ on the Aegean and/or Mediterranean are shown in the map (left).

The top ten nationalities of intercepted/rescued migrants are Afghan, Congolese, Palestinian, Sudanese, Liberian, Eritrean, Central African, Yemeni, Syrian and Somalian.\*

## Resettlement of Syrians from Türkiye

The 18 March 2016 EU-Türkiye Statement aims to replace disorganized and irregular migratory flows by facilitating organized and safe pathways to European countries. Specifically, the statement stipulates that for every Syrian returned to Türkiye from the Greek islands, another Syrian will be resettled directly to EU countries from Türkiye. According to PMM data released on 27 July 2023, there are 38,488 persons that have been resettled under this instrument, with primary resettlement destinations being Germany, France, the Netherlands, and Sweden.<sup>1</sup>

There are also Syrians who have been resettled from Türkiye to third countries under different schemes other than the EU-Türkiye Statement. According to PMM, as of 27 July 2023, a total of 23,003 Syrians have been resettled to third countries, mainly Canada, the United States of America (USA), the United Kingdom of Great Britain and Northern Ireland (UK) and Norway.<sup>1</sup>
