

# Laura Cozzi

Director, Sustainability, Technology and Outlooks  
International Energy Agency

Laura Cozzi was appointed Director of Sustainability, Technology and Outlooks in June 2023. She plans and co-ordinates the IEA's work on energy sustainability, encompassing energy technology policy and climate change. She is also the Agency's Chief Energy Modeller and in this capacity co-leads the World Energy Outlook, the IEA's flagship publication.

Ms Cozzi joined the IEA in 1999 as a junior analyst in World Energy Outlook team. She has been co-leading several editions of the Outlook, and has been leading multiple reports. Prior to joining the IEA, Ms Cozzi worked for the Italian energy company ENI S.p.A. She holds a Master Degree in Environmental Engineering (from Polytechnic Milan) and a Master Degree in Energy and Environmental Economics (from Eni Corporate University).
