 Sponsoring public radio programming is a powerful way to support local communities.

Public Radio provides essential services such as local news coverage and weather alerts that keep Alaskan communities healthy and resilient.

**PROMOTE YOUR BRAND**

 Connect your message to an established and engaged listening audience who lives, works, and plays across Southeast Alaska and the Aleutians.

**71%** of listeners hold a more positive opinion of companies that support NPR.

**66%** of listeners prefer to do business with companies that support NPR.

# ENGAGE ALASKANS THROUGH MULTIPLE PLATFORMS

COASTALASKA'S MULTI-STATION, MULTI-PLATFORM STRATEGY LEADS TO DEEPER CONNECTIONS WITH YOUR CURRENT AND POTENTIAL CUSTOMERS.

## BUSINESS TESTIMONIALS

“As a regional university, we depend on a strong connection to our community. Underwriting public radio allows UAS to reach potential students, parents, and adult learners; it helps us to tell our story and to keep UAS vital in the minds of the public. I recommend underwriting public radio with CoastAlaska because their audiences are loyal listeners who value the same things we do: curiosity, education, and investment in their communities and the world.

**University of Alaska Southeast**

*Alison Krein, Creative Manager*

“Public radio is an essential tool for public health. Whether it’s information about a local support meeting, a tsunami, a pandemic or the local breast cancer screening options, public radio amplifies messaging and underscores its value for the public good. Underwriting with the reach of CoastAlaska has helped SEARHC communicate important changes in our healthcare systems and update communities with current best practices. If the message of your organization is like a seed that you hope will grow in your audience’s mind, then CoastAlaska is the wind that scatters it to the fertile ground where it will thrive.

**Southeast Alaska Regional Health Consortium**

*Martha Pearson, Health Promotion Division Director*
