CATALOGUE  
JULY – DECEMBER 2024

Michael O'Mara Books is a proudly independent publisher based in London. For over 35 years we have been cultivating a reputation that is nimble, strategic, and passionate, proving ourselves to be a powerful commercial force in publishing worldwide. We are dependent on the curiosity and creativity of our authors, illustrators, and employees to deliver an inspiring, trend-led list of titles that engages a broad readership. Across our three imprints we uphold a commitment to sustainability, implementing as many green policies and practices as possible in our publishing processes and working closely with charities that share our values.

At **Michael O'Mara Books** we specialize in creative and inspired adult non-fiction with authors ranging from Andrew Morton and Emma Mitchell to Marcus Chown and Simon Waterson. We are passionate about our books and publish an exciting and varied list – from history and popular science to language; sport and biography to puzzles; gift and humour to craft – that reaches readers across the world.

**LOM ART** is dedicated to showcasing the most talented artists from every corner of the globe. Our beautiful and contemporary artist-led books will unleash creativity in people of all ages across various disciplines. From Kerby Rosanes' mythical and quirky colouring books to gorgeously illustrated gift books, the list exhibits what's hot in the worlds of art and culture.

Our award-winning children's imprint **Buster Books** creates engaging books for curious young minds. Our list is home to out-of-this-world authors like Dr Maggie Aderin-Pocock, Mike Barfield and Gareth Moore and is brimming with titles to spark imagination and encourage exploration. The books will satisfy the keenest of puzzle masters, budding artists and the deepest of thinkers. Above all, they are to be enjoyed!

**Buster Books** is also the leading UK publisher of interactive **LEGO®** activity books through our partnership with Ameeet Publishing. **LEGO®** has been recognized as the number one globally trusted brand by both adults and children and was recently named as the second biggest brand in the world, following Netflix.

Last but not least, Michael O'Mara Books also distributes books by the small but mighty independent children's fiction publisher **Guppy Books**. Set up in 2019 by award-winning publisher Bella Pearson, Guppy produces an eclectic, diverse and entertaining list of books for children from the age of five to eighteen.

The Daily Mash, a British comedy institution since 2008, rips the p\*ss out of everyone no matter what class they are, mistakenly believe they are or wrongly aspire to be.

In Britain, everyone knows their place. And, to ensure they never leave their allotted slot in the class hierarchy, they abhor both those who imagine themselves better than them above and those they're effortlessly superior to below. But, Being British, we're able to laugh at our own foibles and more importantly, laugh at everyone else. Featuring over 80 spoof entries on the British class system and written in the same satirical style the Daily Mash are renowned for, this is Britain: the class wars.

## WEBB'S UNIVERSE

THE SPACE TELESCOPE IMAGES THAT REVEAL OUR COSMIC HISTORY

MAGGIE ADERIN-POCOCK

The definitive book on the James Webb Space Telescope, including its most stunning images to date, written by space expert Dr Maggie Aderin-Pocock.

Despite the huge advances in space technology in recent decades, much of the universe remains a source of mystery, often provoking more questions than answers. Following the enormous success of the Hubble telescope, in December 2021 NASA launched the James Webb Space Telescope to study every phase of the history of our universe using groundbreaking infrared technology.

The strikingly clear, beautiful images are forever changing the way we see and understand the origins of our existence, revealing the very depths of our universe. Bringing her passion as well as her expert knowledge of space and Webb in particular, Dr Maggie Aderin-Pocock demystifies these spectacular images and breaks down the essential science behind each picture, explaining what we're seeing and learning from the world's most powerful space telescope.

## ONE-ARMED JACK

UNCOVERING THE REAL JACK THE RIPPER

SARAH BAX HORTON

As has never been done before, expert researcher Sarah Bax Horton links a new suspect to the Jack the Ripper crimes.

The real Jack the Ripper is connected to his infamous murders through his distinctive physical appearance, as described by multiple eyewitnesses. A man with a broken left arm and severe epilepsy that led to serious physical and mental decline, his movements can be tracked through London's dark streets and linked to each of the six killings, from Martha Tabram to Mary Jane Kelly.

Bax Horton establishes a definitive match between the perpetrator and the police profiles, debunking the Ripper's commonly held misidentification and studying in detail his bloodthirsty motivations.

Publication date: 10/10/2024

The Magical Unicorn Society is opening its doors once again to reveal an exciting and previously undiscovered family of unicorns called the Dark Hearts.

Long ago, there was a conflict among the unicorn families and a ninth blessing was banished from our world to a dark and dreadful place called the Shadow Realm. Here, they were forced to live in exile with terrifying beasts, but worst of all, the creator of these malevolent creatures, the Demon King himself. Previously undiscovered and misunderstood, it is now time to explore the truth about the Dark Hearts.

This beautifully illustrated compendium brings together the untold stories of their creation and banishment, as well as special encounters with the Dark Hearts from all over the world. The book culminates in an epic battle between the nine unicorn families and the dark forces of the Shadow Realm in an effort to protect all life on Earth.

Featuring fact files which examine the unique features and special powers of the Dark Hearts, as well as tips for how to spot them in the wild, this compendium presents everything readers need to know about these beautiful and elusive creatures.
