SUBJECT: Memorandum Report: *2019 Performance Data for the Senior Medicare Patrol Projects*, OEI-02-20-00150

This memorandum report presents performance data for the Senior Medicare Patrol (SMP) projects for 2019. The Office of Inspector General (OIG) has collected these data since 1997. In July 2010, the Administration on Aging, which is now part of the Administration for Community Living (ACL), requested that OIG continue to collect and report performance data for the SMP projects to support ACL's efforts to evaluate and improve its performance. OIG reports these performance data on an annual basis. In 2015, ACL substantially changed the performance measures. We made comparisons to data from previous years when possible.

SUMMARY

The SMP projects receive grants from ACL to recruit and train retired professionals and other older adults and community members to prevent, recognize, and report health care fraud, errors, and abuse. These SMP team members then participate in outreach events to help educate Medicare and Medicaid beneficiaries on the same prevention, recognition, and reporting techniques. In 2019, the 54 projects:

- had 6,875 active team members;
- conducted 28,146 group outreach and education events; and
- had 320,590 individual interactions with, or on behalf of, a Medicare beneficiary.

- \$20,150 in total savings to beneficiaries and others.

We note that the projects may not be receiving full credit for recoveries, savings, and cost avoidance attributable to their work. It is not always possible to track referrals to Medicare contractors or law enforcement from beneficiaries who have learned to detect fraud, waste, and abuse from the projects. In addition, the projects are unable to track the potentially substantial savings derived from a sentinel effect, whereby Medicare beneficiaries' scrutiny of their bills reduces fraud and errors.

BACKGROUND

There is 1 SMP project in each of the 50 States, the District of Columbia, Puerto Rico, Guam, and the U.S. Virgin Islands. In 2019, funding for the program totaled \$18.1 million in Health Care Fraud and Abuse Control Program funding, including \$63,863 in carryover funds. Of that \$18.1 million, \$2.5 million supported infrastructure, technical assistance, and other SMP program activities, and \$15.5 million went to SMP projects to help beneficiaries prevent, detect, and report Medicare fraud, errors, and abuse. In 2018, funding for the projects also totaled \$18.1 million.

Performance Measures

Since the beginning of the program, ACL has modified the performance measures in a number of ways. In 2007, the projects were required to begin measuring "cost avoidance"—the health care expenditures for which Medicare, Medicaid, a beneficiary, or another entity (e.g., a secondary health insurer or a pharmacy) was relieved of responsibility for payment as a result of the projects. In 2012, ACL expanded the performance measures for both Medicare and Medicaid recoveries to account for expected recoveries as well as actual recoveries. This accounting method is consistent with OIG's accounting of its recoveries.¹

In 2015, ACL changed the other performance measures, with the goal of aligning them more closely with the SMP projects' outcomes. Specifically, ACL reduced the number of performance measures from 21 to 10 by keeping the 5 measures pertaining to recoveries, savings, and cost avoidance and combining or redefining the 16 measures pertaining to volunteer and outreach activities, condensing them into 5 new measures. In addition, ACL no longer requires the projects to report on the number of media airings and the ways they process complex issues. See Appendix F for a list of the current measures and their definitions.

In 2017, OIG added two new measures that capture additional expected recoveries from cases in which the SMP projects were minimally involved. These new measures—one for Medicare and the

¹ As required by the Inspector General Act of 1978 (P.L. No. 95-452, enacted Oct. 1, 1978), as amended, OIG reports semiannually to the Secretary of Health and Human Services and to Congress on the activities of the office. In the semiannual report, OIG reports expected recoveries. See the most recent semiannual report at <https://oig.hhs.gov/reports-and-publications/semiannual/index.asp>.

other for Medicaid—include actual and expected recoveries that resulted from SMP referrals that validated information in an existing investigation. In contrast, the original two measures on expected recoveries capture recoveries from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Tracking Systems

ACL maintains a reporting system—the SMP Information and Reporting System—for SMP projects to track and report activities and complaints. Although projects commonly resolve complaints on their own, they are expected to refer cases to an investigative agency when necessary. These referrals are also recorded in the system.

METHODOLOGY

We based our review on data reported in the SMP Information and Reporting System by 54 SMP projects for 2019. In this report, we provide the first 4 years of data for five measures. For these five measures, we reviewed the data for any discrepancies (e.g., if a project reported holding no events but reported a number of people who attended events). For the measures on recoveries, savings, and cost avoidance, we reviewed the projects' documentation in the same manner as in the past. Specifically, we reviewed documentation for expected recoveries and additional expected recoveries of funds for the Medicare and Medicaid programs; documentation for project-attributable savings to beneficiaries and others; and documentation for cost avoidance.² We provide the results for all 12 performance measures in detail in the appendices.

Standards

We conducted this study in accordance with the *Quality Standards for Inspection and Evaluation* issued by the Council of the Inspectors General on Integrity and Efficiency.

RESULTS

Results for 2019

In 2019, the 54 SMP projects had a total of 6,875 active team members who conducted a total of 28,146 group outreach and education events, reaching an estimated 1.6 million people. In addition, the projects had 320,590 individual interactions with, or on behalf of, a Medicare beneficiary.

For 2019, the SMP projects reported \$2.4 million in expected Medicare recoveries. Almost all of these recoveries came from one project that uncovered a fraud scheme that encouraged low-

² Due to the COVID-19 pandemic, projects in four States—Colorado, Florida, Idaho, and Massachusetts—were unable to provide supporting documentation for some or all of their recoveries, savings, and cost avoidance. We provided an extension to these States, which will allow them to report any savings from these cases in next year's report.

income senior citizens to submit DNA samples for medically unnecessary genetic testing. Three defendants were sentenced and ordered to pay a total of \$2.3 million in restitution and forfeitures. In addition, cost avoidance totaled \$60,971, while savings to beneficiaries and others totaled \$20,150.

In addition, the SMP program released a consumer fraud alert on genetic testing.³ The alert advises beneficiaries to be suspicious of strangers who offer free genetic tests. It also advises beneficiaries to be cautious about sharing their personal information, including their Medicare identification number, and warns that this information can be used to fraudulently bill Medicare and Medicaid. The SMP projects conducted 1,467 group events covering genetic testing fraud issues in 2019; these events reached 97,455 people.

In comparison to 2018, the projects reported a 15-percent increase in the number of individual interactions in 2019 (320,590, up from 278,761). The number of group outreach and education events increased slightly by 5 percent, but the number of people reached through these channels decreased by about the same percentage (1.6 million, down from 1.7 million). In addition, the projects reported significantly higher amounts for Medicare recoveries (\$2.4 million, up from \$15,136), while cost avoidance dropped (\$60,971, down from \$602,063).

Results Since 1997

Since the program's inception 23 years ago, the SMP projects have reported performance data on key measures, including Medicare and Medicaid recoveries; savings to beneficiaries and others; and cost avoidance on behalf of Medicare, Medicaid, beneficiaries, and others. In total, expected recoveries to Medicare and Medicaid attributable to the projects from 1997 through 2019 were \$122.1 million.⁴ Most of the recoveries resulted from one project's involvement in adjustments to Medicaid claims for individuals entitled to both Medicare and Medicaid.⁵ Total savings to beneficiaries and others were approximately \$7.1 million. Total cost avoidance on behalf of Medicare, Medicaid, beneficiaries, and others was \$10.1 million.

³ See SMP, *SMP Consumer Fraud Alert: Genetic Testing*. Accessed at <https://www.smpresource.org/Content/Medicare-Fraud/SMP-Consumer-Fraud-Alerts/SMP-Consumer-Fraud-Alert-Genetic-Testing.aspx> on May 11, 2020. The SMP fraud alert references a corresponding OIG fraud alert. See OIG, *Fraud Alert: Genetic Testing Scam*. Accessed at <https://oig.hhs.gov/fraud/consumer-alerts/alerts/geneticcam.asp?> on May 11, 2020.

⁴ Prior to 2007, OIG reviewed documentation on savings to Medicare only and included self-reported data on savings to Medicaid, beneficiaries, and other entities. In addition, prior to 2012, the projects reported actual recoveries only.

⁵ The project reported these savings between 2001 and 2003.

CONCLUSION

The SMP projects receive grants from ACL to recruit and train retired professionals and other older adults and community members to recognize and report instances or patterns of health care fraud. In 2019, the SMP projects had a total of 6,875 active team members who conducted a total of 28,146 group outreach and education events, reaching an estimated 1.6 million people. Results attributable to the SMP projects' efforts included \$2.4 million in expected Medicare recoveries, \$60,971 in cost avoidance, and \$20,150 in savings to beneficiaries and others. In comparison to 2018, the projects reported a significantly higher amount for Medicare recoveries, but a lower amount for cost avoidance.

We note that the projects may not be receiving full credit for recoveries, savings, and cost avoidance attributable to their work. It is not always possible to track referrals to Medicare contractors or law enforcement from beneficiaries who have learned to detect fraud, waste, and abuse from the projects. In addition, the projects are unable to track the potentially substantial savings derived from a sentinel effect, whereby Medicare beneficiaries' scrutiny of their bills reduces fraud and errors.

As agreed, we will continue to monitor the projects and will provide ACL with annual summary reports of performance data. This memorandum report is being issued directly in final form because it contains no recommendations. If you have comments or questions about this memorandum report, please provide them within 60 days. Please refer to report number OEI-02-20-00150 in all correspondence.

Results for Performance Measures for the Senior Medicare Patrol Projects

List of Appendices

Appendix A: Summary of Overall Performance of Projects in 2019	7
Appendix B: Summary of Performance on Recoveries, Savings, and Cost Avoidance, Since 1997	8
Appendix C: Summary of Performance on SMP Activities, 2016–2019	9
Appendix D: Results for 2019, by Performance Measure.....	10
Appendix E: Results for 2019, by Project.....	23
Appendix F: Definitions of Performance Measures	78

APPENDIX A

Summary of Overall Performance of Projects in 2019*

Performance measures	Total for 2019
Total number of active SMP team members	6,875
Total number of SMP team member hours	549,958
Number of group outreach and education events	28,146
Estimated number of people reached through group outreach and education events	1,591,429
Number of individual interactions with, or on behalf of, a Medicare beneficiary	320,590
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$60,971
Expected Medicare recoveries attributable to the projects	\$2,382,572
Additional expected Medicare recoveries attributable to the projects**	\$0
Expected Medicaid recoveries attributable to the projects	\$0
Additional expected Medicaid recoveries attributable to the projects**	\$0
Savings to beneficiaries attributable to the projects	\$19,814
Other savings attributable to the projects (e.g., savings to supplemental insurance)	\$336
Total savings attributable to the projects***	\$2,402,722

* The totals in this table have been rounded.

** Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

*** Total savings includes expected Medicare recoveries, expected Medicaid recoveries, and savings to the beneficiaries and others.

APPENDIX B

Summary of Performance on Recoveries, Savings, and Cost Avoidance, Since 1997

Performance measures	Total Since 1997
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others*	\$10,100,006
Expected Medicare recoveries attributable to the projects**	\$27,241,946
Additional expected Medicare recoveries attributable to the projects***	\$65,113,359
Expected Medicaid recoveries attributable to the projects**	\$94,818,031
Additional expected Medicaid recoveries attributable to the projects***	\$1,789,200
Savings to beneficiaries attributable to the projects	\$3,676,188
Other savings attributable to the projects (e.g., savings to supplemental insurance)	\$3,473,422
Total savings attributable to the projects****	\$129,209,587

* This performance measure has been reported since 2007.

** This performance measure was changed in 2012 to include both actual recoveries and expected recoveries.

*** Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project. This performance measure was reported for the first time in 2018.

**** Total savings includes expected Medicare recoveries, expected Medicaid recoveries, and savings to the beneficiaries and others.

APPENDIX C

Summary of Performance on SMP Activities, 2016–2019

Performance measures*	Total: 2016–2019
Total number of active SMP team members	26,066
Total number of SMP team member hours	1,881,783
Number of group outreach and education events	107,727
Estimated number of people reached through group outreach and education events	6,692,869
Number of individual interactions with, or on behalf of, a Medicare beneficiary	1,020,998

* These measures were introduced beginning with the data for 2016 and cannot be compared to the measures for data prior to 2016, which are listed in Appendix B of the OIG report *2016 Performance Data for the Senior Medicare Patrol Projects* (OEI-02-17-00220).

APPENDIX D

Results for 2019, by Performance Measure

The following tables provide the results by performance measure and by State for the SMP projects.

Note: Because of rounding, the totals listed in Appendix A may not match the sums of the corresponding individual figures listed in Appendix D.

APPENDIX E

Results for 2019, by Project

The following tables provide the results for each performance measure for each of the 54 SMP projects in 2019. The tables also include the grant total for 2019 for each project. In addition, the measure for total savings includes expected Medicare recoveries, expected Medicaid recoveries, and savings to the beneficiaries and others.

Note: Because of rounding, the totals listed in Appendix A may not match the sums of the corresponding individual figures listed in Appendix E.

Alabama – State of Alabama Department of Senior Services

Performance measures	Total for 2019
Total number of active SMP team members	127
Total number of SMP team member hours	6,349
Number of group outreach and education events	492
Estimated number of people reached through group outreach and education events	20,676
Number of individual interactions with, or on behalf of, a Medicare beneficiary	11,290
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$0
Expected Medicare recoveries attributable to the project	\$0
Additional expected Medicare recoveries attributable to the project*	\$0
Expected Medicaid recoveries attributable to the project	\$0
Additional expected Medicaid recoveries attributable to the project*	\$0
Savings to beneficiaries attributable to the project	\$0
Other savings attributable to the project (e.g., savings to supplemental insurance)	\$0
Total savings attributable to the project	\$0

* Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Grant Total: \$292,181

Alaska – Alaska Department of Health & Social Services

Performance measures	Total for 2019
Total number of active SMP team members	47
Total number of SMP team member hours	5,275
Number of group outreach and education events	128
Estimated number of people reached through group outreach and education events	6,889
Number of individual interactions with, or on behalf of, a Medicare beneficiary	461
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$8,748
Expected Medicare recoveries attributable to the project	\$0
Additional expected Medicare recoveries attributable to the project*	\$0
Expected Medicaid recoveries attributable to the project	\$0
Additional expected Medicaid recoveries attributable to the project*	\$0
Savings to beneficiaries attributable to the project	\$190
Other savings attributable to the project (e.g., savings to supplemental insurance)	\$0
Total savings attributable to the project	\$190

* Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Grant Total: \$235,844

Arizona – Arizona Department of Economic Security

Performance measures	Total for 2019
Total number of active SMP team members	106
Total number of SMP team member hours	22,372
Number of group outreach and education events	303
Estimated number of people reached through group outreach and education events	30,070
Number of individual interactions with, or on behalf of, a Medicare beneficiary	2,365
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$0
Expected Medicare recoveries attributable to the project	\$0
Additional expected Medicare recoveries attributable to the project*	\$0
Expected Medicaid recoveries attributable to the project	\$0
Additional expected Medicaid recoveries attributable to the project*	\$0
Savings to beneficiaries attributable to the project	\$0
Other savings attributable to the project (e.g., savings to supplemental insurance)	\$0
Total savings attributable to the project	\$0

* Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Grant Total: \$301,198

Arkansas – Arkansas Department of Human Services

Performance measures	Total for 2019
Total number of active SMP team members	124
Total number of SMP team member hours	5,877
Number of group outreach and education events	582
Estimated number of people reached through group outreach and education events	15,437
Number of individual interactions with, or on behalf of, a Medicare beneficiary	311
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$0
Expected Medicare recoveries attributable to the project	\$53
Additional expected Medicare recoveries attributable to the project*	\$0
Expected Medicaid recoveries attributable to the project	\$0
Additional expected Medicaid recoveries attributable to the project*	\$0
Savings to beneficiaries attributable to the project	\$0
Other savings attributable to the project (e.g., savings to supplemental insurance)	\$0
Total savings attributable to the project	\$53

* Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Grant Total: \$269,890

California – California Health Advocates

Performance measures	Total for 2019
Total number of active SMP team members	659
Total number of SMP team member hours	54,614
Number of group outreach and education events	2,321
Estimated number of people reached through group outreach and education events	141,083
Number of individual interactions with, or on behalf of, a Medicare beneficiary	49,035
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$1,099
Expected Medicare recoveries attributable to the project	\$32,091
Additional expected Medicare recoveries attributable to the project*	\$0
Expected Medicaid recoveries attributable to the project	\$0
Additional expected Medicaid recoveries attributable to the project*	\$0
Savings to beneficiaries attributable to the project	\$153
Other savings attributable to the project (e.g., savings to supplemental insurance)	\$0
Total savings attributable to the project	\$32,244

* Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Grant Total: \$544,504

Colorado – State of Colorado Division of Insurance – DORA

Performance measures	Total for 2019
Total number of active SMP team members	84
Total number of SMP team member hours	11,281
Number of group outreach and education events	432
Estimated number of people reached through group outreach and education events	17,464
Number of individual interactions with, or on behalf of, a Medicare beneficiary	7,689
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$2,027
Expected Medicare recoveries attributable to the project	\$0
Additional expected Medicare recoveries attributable to the project*	\$0
Expected Medicaid recoveries attributable to the project	\$0
Additional expected Medicaid recoveries attributable to the project*	\$0
Savings to beneficiaries attributable to the project	\$8,435
Other savings attributable to the project (e.g., savings to supplemental insurance)	\$0
Total savings attributable to the project	\$8,435

* Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Grant Total: \$279,641

Connecticut – State of Connecticut Department of Rehabilitation

Performance measures	Total for 2019
Total number of active SMP team members	69
Total number of SMP team member hours	5,479
Number of group outreach and education events	242
Estimated number of people reached through group outreach and education events	6,902
Number of individual interactions with, or on behalf of, a Medicare beneficiary	135
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$0
Expected Medicare recoveries attributable to the project	\$0
Additional expected Medicare recoveries attributable to the project*	\$0
Expected Medicaid recoveries attributable to the project	\$0
Additional expected Medicaid recoveries attributable to the project*	\$0
Savings to beneficiaries attributable to the project	\$0
Other savings attributable to the project (e.g., savings to supplemental insurance)	\$0
Total savings attributable to the project	\$0

* Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Grant Total: \$268,211

Delaware – Delaware DHSS – Division of Social Services

Performance measures	Total for 2019
Total number of active SMP team members	22
Total number of SMP team member hours	6,969
Number of group outreach and education events	175
Estimated number of people reached through group outreach and education events	4,746
Number of individual interactions with, or on behalf of, a Medicare beneficiary	61
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$123
Expected Medicare recoveries attributable to the project	\$0
Additional expected Medicare recoveries attributable to the project*	\$0
Expected Medicaid recoveries attributable to the project	\$0
Additional expected Medicaid recoveries attributable to the project*	\$0
Savings to beneficiaries attributable to the project	\$0
Other savings attributable to the project (e.g., savings to supplemental insurance)	\$0
Total savings attributable to the project	\$0

* Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Grant Total: \$241,734

District of Columbia – AARP Legal Counsel for the Elderly

Performance measures	Total for 2019
Total number of active SMP team members	51
Total number of SMP team member hours	6,068
Number of group outreach and education events	238
Estimated number of people reached through group outreach and education events	5,690
Number of individual interactions with, or on behalf of, a Medicare beneficiary	121
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$0
Expected Medicare recoveries attributable to the project	\$0
Additional expected Medicare recoveries attributable to the project*	\$0
Expected Medicaid recoveries attributable to the project	\$0
Additional expected Medicaid recoveries attributable to the project*	\$0
Savings to beneficiaries attributable to the project	\$0
Other savings attributable to the project (e.g., savings to supplemental insurance)	\$0
Total savings attributable to the project	\$0

* Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Grant Total: \$235,290

Florida – Florida Department of Elder Affairs

Performance measures	Total for 2019
Total number of active SMP team members	389
Total number of SMP team member hours	53,922
Number of group outreach and education events	1,589
Estimated number of people reached through group outreach and education events	61,993
Number of individual interactions with, or on behalf of, a Medicare beneficiary	27,212
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$0
Expected Medicare recoveries attributable to the project	\$0
Additional expected Medicare recoveries attributable to the project*	\$0
Expected Medicaid recoveries attributable to the project	\$0
Additional expected Medicaid recoveries attributable to the project*	\$0
Savings to beneficiaries attributable to the project	\$0
Other savings attributable to the project (e.g., savings to supplemental insurance)	\$0
Total savings attributable to the project	\$0

* Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Grant Total: \$460,557

Georgia – eQHealth Solutions, Inc.

Performance measures	Total for 2019
Total number of active SMP team members	34
Total number of SMP team member hours	7,273
Number of group outreach and education events	146
Estimated number of people reached through group outreach and education events	17,469
Number of individual interactions with, or on behalf of, a Medicare beneficiary	409
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$0
Expected Medicare recoveries attributable to the project	\$0
Additional expected Medicare recoveries attributable to the project*	\$0
Expected Medicaid recoveries attributable to the project	\$0
Additional expected Medicaid recoveries attributable to the project*	\$0
Savings to beneficiaries attributable to the project	\$0
Other savings attributable to the project (e.g., savings to supplemental insurance)	\$0
Total savings attributable to the project	\$0

* Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Grant Total: \$293,835

Guam – Guam Department of Public Health and Social Services

Performance measures	Total for 2019
Total number of active SMP team members	9
Total number of SMP team member hours	359
Number of group outreach and education events	67
Estimated number of people reached through group outreach and education events	955
Number of individual interactions with, or on behalf of, a Medicare beneficiary	360
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$0
Expected Medicare recoveries attributable to the project	\$0
Additional expected Medicare recoveries attributable to the project*	\$0
Expected Medicaid recoveries attributable to the project	\$0
Additional expected Medicaid recoveries attributable to the project*	\$0
Savings to beneficiaries attributable to the project	\$0
Other savings attributable to the project (e.g., savings to supplemental insurance)	\$0
Total savings attributable to the project	\$0

* Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Grant Total: \$95,000

Hawaii – State of Hawaii Department of Health

Performance measures	Total for 2019
Total number of active SMP team members	62
Total number of SMP team member hours	4,367
Number of group outreach and education events	99
Estimated number of people reached through group outreach and education events	10,914
Number of individual interactions with, or on behalf of, a Medicare beneficiary	107
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$2,407
Expected Medicare recoveries attributable to the project	\$0
Additional expected Medicare recoveries attributable to the project*	\$0
Expected Medicaid recoveries attributable to the project	\$0
Additional expected Medicaid recoveries attributable to the project*	\$0
Savings to beneficiaries attributable to the project	\$287
Other savings attributable to the project (e.g., savings to supplemental insurance)	\$0
Total savings attributable to the project	\$287

* Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Grant Total: \$245,764

Idaho – Idaho Commission on Aging

Performance measures	Total for 2019
Total number of active SMP team members	100
Total number of SMP team member hours	11,290
Number of group outreach and education events	511
Estimated number of people reached through group outreach and education events	20,494
Number of individual interactions with, or on behalf of, a Medicare beneficiary	5,637
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$7,311
Expected Medicare recoveries attributable to the project	\$0
Additional expected Medicare recoveries attributable to the project*	\$0
Expected Medicaid recoveries attributable to the project	\$0
Additional expected Medicaid recoveries attributable to the project*	\$0
Savings to beneficiaries attributable to the project	\$1,004
Other savings attributable to the project (e.g., savings to supplemental insurance)	\$0
Total savings attributable to the project	\$1,004

* Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Grant Total: \$249,508

Illinois – AgeOptions

Performance measures	Total for 2019
Total number of active SMP team members	92
Total number of SMP team member hours	8,222
Number of group outreach and education events	654
Estimated number of people reached through group outreach and education events	31,417
Number of individual interactions with, or on behalf of, a Medicare beneficiary	4,878
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$0
Expected Medicare recoveries attributable to the project	\$0
Additional expected Medicare recoveries attributable to the project*	\$0
Expected Medicaid recoveries attributable to the project	\$0
Additional expected Medicaid recoveries attributable to the project*	\$0
Savings to beneficiaries attributable to the project	\$0
Other savings attributable to the project (e.g., savings to supplemental insurance)	\$0
Total savings attributable to the project	\$0

* Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Grant Total: \$358,863

Indiana – Indiana Association of Area Agencies on Aging Education Institute

Performance measures	Total for 2019
Total number of active SMP team members	81
Total number of SMP team member hours	7,226
Number of group outreach and education events	469
Estimated number of people reached through group outreach and education events	36,365
Number of individual interactions with, or on behalf of, a Medicare beneficiary	1,315
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$0
Expected Medicare recoveries attributable to the project	\$1,159
Additional expected Medicare recoveries attributable to the project*	\$0
Expected Medicaid recoveries attributable to the project	\$0
Additional expected Medicaid recoveries attributable to the project*	\$0
Savings to beneficiaries attributable to the project	\$0
Other savings attributable to the project (e.g., savings to supplemental insurance)	\$0
Total savings attributable to the project	\$1,159

* Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Grant Total: \$303,697

Iowa – Iowa Insurance Division - SHIP

Performance measures	Total for 2019
Total number of active SMP team members	367
Total number of SMP team member hours	15,501
Number of group outreach and education events	430
Estimated number of people reached through group outreach and education events	18,612
Number of individual interactions with, or on behalf of, a Medicare beneficiary	13,050
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$0
Expected Medicare recoveries attributable to the project	\$0
Additional expected Medicare recoveries attributable to the project*	\$0

Other savings attributable to the project (e.g., savings to supplemental insurance)	\$0
Total savings attributable to the project	\$0

* Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Grant Total: \$268,734

Kansas – Kansas Department on Aging and Disability Services

Performance measures	Total for 2019
Total number of active SMP team members	94
Total number of SMP team member hours	5,775
Number of group outreach and education events	405
Estimated number of people reached through group outreach and education events	29,251
Number of individual interactions with, or on behalf of, a Medicare beneficiary	7,227
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$0
Expected Medicare recoveries attributable to the project	\$0
Additional expected Medicare recoveries attributable to the project*	\$0
Expected Medicaid recoveries attributable to the project	\$0
Additional expected Medicaid recoveries attributable to the project*	\$0
Savings to beneficiaries attributable to the project	\$0
Other savings attributable to the project (e.g., savings to supplemental insurance)	\$0
Total savings attributable to the project	\$0

* Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Grant Total: \$262,153

Kentucky – Louisville-Jefferson County Metro Government

Performance measures	Total for 2019
Total number of active SMP team members	114
Total number of SMP team member hours	12,043
Number of group outreach and education events	537
Estimated number of people reached through group outreach and education events	22,710
Number of individual interactions with, or on behalf of, a Medicare beneficiary	2,593
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$299
Expected Medicare recoveries attributable to the project	\$1,706
Additional expected Medicare recoveries attributable to the project*	\$0
Expected Medicaid recoveries attributable to the project	\$0
Additional expected Medicaid recoveries attributable to the project*	\$0
Savings to beneficiaries attributable to the project	\$341
Other savings attributable to the project (e.g., savings to supplemental insurance)	\$0
Total savings attributable to the project	\$2,047

* Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Grant Total: \$288,445

Louisiana – eQHealth Solutions, Inc.

Performance measures	Total for 2019
Total number of active SMP team members	86
Total number of SMP team member hours	6,012
Number of group outreach and education events	198
Estimated number of people reached through group outreach and education events	32,680
Number of individual interactions with, or on behalf of, a Medicare beneficiary	335
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$1,595
Expected Medicare recoveries attributable to the project	\$0
Additional expected Medicare recoveries attributable to the project*	\$0
Expected Medicaid recoveries attributable to the project	\$0
Additional expected Medicaid recoveries attributable to the project*	\$0
Savings to beneficiaries attributable to the project	\$4,475
Other savings attributable to the project (e.g., savings to supplemental insurance)	\$0
Total savings attributable to the project	\$4,475

* Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Grant Total: \$280,508

Maine – Maine Department of Health and Human Services

Performance measures	Total for 2019
Total number of active SMP team members	121
Total number of SMP team member hours	11,574
Number of group outreach and education events	450
Estimated number of people reached through group outreach and education events	10,208
Number of individual interactions with, or on behalf of, a Medicare beneficiary	6,445
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$0
Expected Medicare recoveries attributable to the project	\$0
Additional expected Medicare recoveries attributable to the project*	\$0
Expected Medicaid recoveries attributable to the project	\$0
Additional expected Medicaid recoveries attributable to the project*	\$0
Savings to beneficiaries attributable to the project	\$0
Other savings attributable to the project (e.g., savings to supplemental insurance)	\$0
Total savings attributable to the project	\$0

* Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Grant Total: \$251,160

Maryland – Maryland Department of Aging

Performance measures	Total for 2019
Total number of active SMP team members	115
Total number of SMP team member hours	8,346
Number of group outreach and education events	401
Estimated number of people reached through group outreach and education events	24,734
Number of individual interactions with, or on behalf of, a Medicare beneficiary	12,122
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$0
Expected Medicare recoveries attributable to the project	\$0
Additional expected Medicare recoveries attributable to the project*	\$0
Expected Medicaid recoveries attributable to the project	\$0
Additional expected Medicaid recoveries attributable to the project*	\$0
Savings to beneficiaries attributable to the project	\$0
Other savings attributable to the project (e.g., savings to supplemental insurance)	\$0
Total savings attributable to the project	\$0

* Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Grant Total: \$287,337

Massachusetts – Elder Services of the Merrimack Valley, Inc.

Performance measures	Total for 2019
Total number of active SMP team members	63
Total number of SMP team member hours	7,667
Number of group outreach and education events	183
Estimated number of people reached through group outreach and education events	8,960
Number of individual interactions with, or on behalf of, a Medicare beneficiary	206
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$3,388
Expected Medicare recoveries attributable to the project	\$1,980
Additional expected Medicare recoveries attributable to the project*	\$0
Expected Medicaid recoveries attributable to the project	\$0
Additional expected Medicaid recoveries attributable to the project*	\$0
Savings to beneficiaries attributable to the project	\$228
Other savings attributable to the project (e.g., savings to supplemental insurance)	\$145
Total savings attributable to the project	\$2,353

* Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Grant Total: \$304,115

Michigan – MMAP, Inc.

Performance measures	Total for 2019
Total number of active SMP team members	845
Total number of SMP team member hours	24,678
Number of group outreach and education events	723
Estimated number of people reached through group outreach and education events	62,068
Number of individual interactions with, or on behalf of, a Medicare beneficiary	6,919
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$0
Expected Medicare recoveries attributable to the project	\$0
Additional expected Medicare recoveries attributable to the project*	\$0
Expected Medicaid recoveries attributable to the project	\$0
Additional expected Medicaid recoveries attributable to the project*	\$0
Savings to beneficiaries attributable to the project	\$0
Other savings attributable to the project (e.g., savings to supplemental insurance)	\$0
Total savings attributable to the project	\$0

* Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Grant Total: \$349,226

Minnesota – Minnesota Board on Aging

Performance measures	Total for 2019
Total number of active SMP team members	186
Total number of SMP team member hours	9,885
Number of group outreach and education events	1,064
Estimated number of people reached through group outreach and education events	20,610
Number of individual interactions with, or on behalf of, a Medicare beneficiary	914
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$0
Expected Medicare recoveries attributable to the project	\$0
Additional expected Medicare recoveries attributable to the project*	\$0
Expected Medicaid recoveries attributable to the project	\$0
Additional expected Medicaid recoveries attributable to the project*	\$0
Savings to beneficiaries attributable to the project	\$0
Other savings attributable to the project (e.g., savings to supplemental insurance)	\$0
Total savings attributable to the project	\$0

* Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Grant Total: \$289,395

Mississippi – eQHealth Solutions, Inc.

Performance measures	Total for 2019
Total number of active SMP team members	22
Total number of SMP team member hours	6,051
Number of group outreach and education events	215
Estimated number of people reached through group outreach and education events	20,409
Number of individual interactions with, or on behalf of, a Medicare beneficiary	368
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$155
Expected Medicare recoveries attributable to the project	\$614
Additional expected Medicare recoveries attributable to the project*	\$0
Expected Medicaid recoveries attributable to the project	\$0
Additional expected Medicaid recoveries attributable to the project*	\$0
Savings to beneficiaries attributable to the project	\$0
Other savings attributable to the project (e.g., savings to supplemental insurance)	\$0
Total savings attributable to the project	\$614

* Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Grant Total: \$268,448

Missouri – District III Area Agency on Aging

Performance measures	Total for 2019
Total number of active SMP team members	110
Total number of SMP team member hours	5,125
Number of group outreach and education events	1,725
Estimated number of people reached through group outreach and education events	73,877
Number of individual interactions with, or on behalf of, a Medicare beneficiary	463
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$0
Expected Medicare recoveries attributable to the project	\$0
Additional expected Medicare recoveries attributable to the project*	\$0
Expected Medicaid recoveries attributable to the project	\$0
Additional expected Medicaid recoveries attributable to the project*	\$0
Savings to beneficiaries attributable to the project	\$0
Other savings attributable to the project (e.g., savings to supplemental insurance)	\$0
Total savings attributable to the project	\$0

* Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Grant Total: \$303,543

Montana – Missoula Aging Services

Performance measures	Total for 2019
Total number of active SMP team members	79
Total number of SMP team member hours	5,547
Number of group outreach and education events	537
Estimated number of people reached through group outreach and education events	14,476
Number of individual interactions with, or on behalf of, a Medicare beneficiary	1,723
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	\$364
Expected Medicare recoveries attributable to the project	\$0
Additional expected Medicare recoveries attributable to the project*	\$0

Other savings attributable to the project (e.g., savings to supplemental insurance)	\$0
Total savings attributable to the project	\$9,352

* Additional expected recoveries are expected recoveries from cases in which the SMP projects were minimally involved, as distinguished from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.

Grant Total: \$236,651

APPENDIX F

Definitions of Performance Measures

Total number of active SMP team members	Individuals who spent any time on the SMP program, including those paid by the SMP program, those paid in kind, and volunteer team members.
Total number of SMP team member hours	Hours contributed by team members while performing SMP work and receiving training to perform SMP work, including time spent by team members paid by the SMP program, team members paid in kind, and volunteer team members.
Number of group outreach and education events	Community outreach events, education activities, and presentations to educate beneficiaries, family members, caregivers, and others about SMP services and the detection of health care fraud, errors, and abuse.
Estimated number of people reached through group outreach and education events	Total estimated number of people reached as a result of SMP group outreach and education activities.
Number of individual interactions with, or on behalf of, a Medicare beneficiary	Individual interactions between SMP team members and beneficiaries, family members, caregivers, or others for the purpose of discussing or gathering information about potential health care fraud, errors, or abuse.
Cost avoidance on behalf of Medicare, Medicaid, beneficiaries, or others	Health care expenditures for which the government, a beneficiary, or other entity (e.g., secondary health insurer or a pharmacy) was relieved of responsibility for payment as a result of the SMP project.
Expected Medicare recoveries attributable to the projects	This amount represents actual and expected Medicare recoveries from criminal actions, settlements, civil judgments, or overpayments that resulted from the referral. This measure applies to the amount of money that was ordered or agreed upon to be returned to Medicare and may not reflect actual collections. Recoveries may also involve cases that include participation by a Medicare contractor or a law enforcement agency. This measure includes recoveries from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.
Additional expected Medicare recoveries attributable to the projects	This amount represents actual and expected Medicare recoveries from criminal actions, settlements, civil judgments, or overpayments that resulted from the referral. This measure applies to the amount of money that was ordered or agreed upon to be returned to Medicare and may not reflect actual collections. Recoveries may also involve cases that include participation by a Medicare contractor or a law enforcement agency. This measure includes recoveries from referrals that validated information in an existing investigation. This measure aims to capture additional recoveries in which the SMP project was minimally involved.

Definitions of Performance Measures (continued)

Expected Medicaid recoveries attributable to the projects	This amount represents actual and expected Medicaid recoveries from criminal actions, settlements, civil judgments, or overpayments that resulted from the referral. This measure applies to the amount of money that was ordered or agreed upon to be returned to Medicaid and may not reflect actual collections. Recoveries may also involve cases that include participation by a Medicaid Fraud Control Unit or a law enforcement agency. This measure includes recoveries from referrals that led to the opening of an investigation or from meaningful contributions to an existing investigation by an SMP project.
Additional expected Medicaid recoveries attributable to the projects	This amount represents actual and expected Medicaid recoveries from criminal actions, settlements, civil judgments, or overpayments that resulted from the referral. This applies to the amount of money that was ordered or agreed upon to be returned to Medicaid and may not reflect actual collections. Recoveries may also involve cases that include participation by a Medicaid contractor or a law enforcement agency. This measure includes recoveries from referrals that validated information in an existing investigation. This measure aims to capture additional recoveries in which the SMP project was minimally involved.
Savings to beneficiaries attributable to the projects	Money recouped to an individual as a result of the SMP project (e.g., copayments, deductibles, or any other out-of-pocket expenses).
Other savings attributable to the projects (e.g., savings to supplemental insurance)	Money recouped to an entity other than Medicare, Medicaid, or a beneficiary (e.g., a secondary health insurer) as a result of the SMP project.
