RIN 0694-AI67

#### Additions of Entities to the Entity List

**AGENCY:** Bureau of Industry and Security, Commerce.

**ACTION:** Final rule.

**SUMMARY:** In response to the Russian Federation's (Russia's) further invasion of Ukraine on February 24, 2022, the Department of Commerce is amending the Export Administration Regulations (EAR) by adding 120 entities under 120 entries to the Entity List. These 120 entities have been determined by the U.S. Government to be acting contrary to the national security interests or foreign policy of the United States and will be listed on the Entity List under the destinations of Belarus and Russia.

**DATES:** This rule is effective [INSERT DATE OF FILING FOR PUBLIC INSPECTION].

**FOR FURTHER INFORMATION CONTACT:** Chair, End-User Review Committee, Office of the Assistant Secretary for Export Administration, Bureau of Industry and Security, Department of Commerce, Phone: (202) 482-5991, Email: [ERC@bis.doc.gov](mailto:ERC@bis.doc.gov).

#### SUPPLEMENTARY INFORMATION:

##### Background

The Entity List (supplement no. 4 to part 744 of the Export Administration Regulations (EAR)) identifies entities for which there is reasonable cause to believe, based on specific and articulable facts, that the entities have been involved, are involved, or pose a significant risk of being or becoming involved in activities contrary to the national security or foreign policy interests of the United States. The EAR (15 CFR parts 730-774) imposes additional license requirements on, and limit the availability of most license exceptions for exports, reexports, and transfers (in-country) to listed entities. The license review policy for each listed entity is identified in the “License Review Policy” column on the Entity List, and the impact on the availability of license exceptions is described in the relevant *Federal Register* document that added the entity to the Entity List. The Bureau of Industry and Security (BIS) places entities on the Entity List pursuant to part 744 (Control Policy: End-User and End-Use Based) and part 746 (Embargoes and Other Special Controls) of the EAR. Paragraphs (b)(1) through (5) of § 744.11 include an illustrative list of activities that could be contrary to the national security or foreign policy interests of the United States. As discussed further later in this preamble, 95 entities are being added in this rule on the basis of §§ 744.11(b) and 744.21 and will receive a footnote 3 designation because the End-User Review Committee (ERC) has determined they are ‘military end users’ in accordance with § 744.21. A footnote 3 designation subjects these entities to the Russia/Belarus foreign “direct product” (FDP) rule, detailed in § 734.9(g). The other 25 entities are being added solely on the basis of § 744.11(b).

The ERC, composed of representatives of the Departments of Commerce (Chair), State, Defense, Energy and, where appropriate, the Treasury, makes all decisions regarding additions to, removals from, or other modifications to the Entity List. The ERC makes all decisions to add an entry to the Entity List by majority vote and makes all decisions to remove or modify an entry by unanimous vote.

The ERC determined to add the following entities to the Entity List on the basis of §§ 744.11(b) and 744.21 under the destination of Belarus: 140 Repair Plant JSC; 558 Aircraft Repair Plant JSC; 2566 Radioelectronic Armament Repair Plant JSC; AGAT – Control Systems – Managing Company of Geoinformation Control Systems Holding JSC; Agat-Electromechanical Plant OJSC; AGAT-SYSTEM; ATE-Engineering LLC; BelOMO Holding; Belspetsvneshtekhnika SFTUE; BSVT-New Technologies; CJSC Beltechexport; Department of Internal Affairs of the Gomel Region Executive Committee; Internal Troops of The Ministry of Internal Affairs of the Republic of Belarus; JSC Transaviaexport Airlines; KGB Alpha; Kidma Tech OJSC; Minotor-Service; Minsk Wheeled Tractor Plant; Oboronnye Initsiativy LLC; OJS KB Radar Managing Company; Peleng JSC; State Authority for Military Industry of the Republic of Belarus; State Security Committee of the Republic of Belarus; and Volatavto OJSC to the Entity List. All of these entities will be designated with a footnote 3. These entities are being added to the Entity List consistent with BIS’s response to Belarus’s substantial enabling and support of Russia’s invasion of Ukraine and of Russia’s military forces. Specifically, these entities are being added to the Entity List for acquiring and attempting to acquire items subject to the EAR in support of Belarus’ military. Their addition to the Entity List and a footnote 3 designation means these entities are subject to a license requirement for the export, reexport, export from abroad (as described under Russia/Belarus foreign “direct product” (FDP) rule, § 746.8(a)(3)), or transfers (in-country) of all items subject to the EAR that are destined to these entities. BIS will review license applications under a policy of denial. No license exceptions are available for exports, reexports, exports from abroad (as described under Russia/Belarus foreign “direct product” (FDP) rule, § 746.8(a)(3)), or transfers (in-country) to the entities being added.

In addition, the ERC determined to add the following entities to the Entity List on the basis of §§ 744.11(b) and 744.21 under the destination of Russia: 5<sup>th</sup> Shipyard; Alagir Resistor Factory; All-Russian Scientific-Research Institute Etalon JSC; Almaz JSC; Dolgoprudniy Design Bureau of Automatics; Electronic Computing Technology Scientific-Research Center;

All the entities will be designated with footnote 3. These entities are being added to the Entity List consistent with BIS’s response to Russia’s invasion of Ukraine, which include restricting Russia’s access to items subject to the EAR that allow it to project power and fulfill its strategic ambitions. Specifically, these entities are being added to the Entity List for acquiring and attempting to acquire items subject to the EAR in support of Russia’s military. Their addition to the Entity List and footnote 3 designation means these entities are subject to a license requirement for exports, reexports, exports from abroad (as described under Russia/Belarus foreign “direct product” (FDP) rule, § 746.8(a)(3)), or transfers (in-country) of all items subject to the EAR that are destined to these entities. BIS will review license applications under a policy of denial. No license exceptions are available for exports, reexports, exports from abroad (as described under Russia/Belarus foreign “direct product” (FDP) rule § 746.8(a)(3)), or transfers (in-country) to the entities being added.

Moreover, the ERC determined to add the following entities to the Entity List on the basis of § 744.11(b) under the destination of Russia: 46th TSNII Central Scientific Research Institute; All Russia Scientific Research Institute of Optical Physical Measurements; Arzam Scientific Production Enterprise Temp Avia; Automated Procurement System for State Defense Orders, LLC; Engineering Center Moselectronproekt; Etalon Scientific and Production Association; Evgeny Krayushin; Far-East Factory Zvezda; Federal Center for Dual-Use Technology (FTsDT) Soyuz; Foreign Trade Association Mashpriborintorg; Ineko LLC; Informakustika JSC; Institute of High Energy Physics; Institute of Theoretical and Experimental Physics; ISE SO RAN Institute of High-Current Electronics; JSC Energiya, Kaluga Scientific-Research Institute of Telemechanical Devices JSC; OJSC Pella Shipyard; Scientific Production Center Vigstar JSC; Scientific-Production Enterprise Salyut JSC; Scientific-Research Institute and Factory Platan; Special Design Bureau Salute JSC; Tambov Plant (TZ) “October”; Turayev Machine Building Design Bureau Soyuz; and Zhukovskiy Central Aerohydrodynamics Institute (TsAGI). These entities are being added to the Entity List consistent with BIS’s response to Russia’s invasion of Ukraine, which include restricting Russia’s access to items subject to the EAR that allow it to project power and fulfill its strategic ambitions. Specifically, BIS is adding these entities to the Entity List for acquiring and attempting to acquire items subject to the EAR in support of Russia’s military modernization efforts. These entities will be added to the Entity List with a license requirement for all items subject to the EAR. BIS will review license applications under a policy of denial. No license exceptions are available for exports, reexports, or transfers (in-country) to the entities being added.

For the reasons described above, this final rule adds the following 120 entities under 120 entries to the Entity List and includes, where appropriate, aliases:

In summary, for the 120 entities added to the Entity List by this final rule, BIS imposes a license requirement that applies to all items subject to the EAR. For the 95 entities added under both §§ 744.11 and 744.21, BIS is also listing those entities with a footnote 3 designation. No license exceptions are available for exports, reexports, exports from abroad (as described under Russia/Belarus foreign “direct product” (FDP) rule, § 746.8(a)(3)), or transfers (in-country) to these entities; BIS will review all license applications for these entities under a policy of denial.

For the 25 entities added solely on the basis of § 744.11, BIS is not listing those entities with a footnote 3 designation. No license exceptions are available for exports, reexports, or transfers (in-country) to these entities. BIS will review all license applications for these entities under a policy of denial.

#### *Savings Clause*
