White, non-Hispanic	153 (0.7)	170 (0.7)	0.1	8.7	145 (0.8)	172 (0.9)	0.1	15.7

**Abbreviations:** A/PI = Asian or Pacific Islander; AI/AN = American Indian or Alaskan Native.

\* Firearm homicides per 100,000 persons.

† Excludes decedent records with missing age.

§ All-ages rates are age-adjusted to the year 2000 U.S. standard population.

¶ A value of “-0.0” denotes a negative change rounded to the nearest tenth; a value of “0.0” denotes a positive change rounded to the nearest tenth.

\*\* Rate or rate change considered statistically unstable because of homicide count(s) <20.

§§ Rate change not mathematically defined.
