Decades Rock

VH1 CLASSIC, 8/7c

If you're a fan of live music, don't miss this occasional series, which does for rock what CMT's *Crossroads* did for country by pairing up classic-rock artists with their acolytes. This terrific concert saluting the music of Heart features the Wilson sisters performing with Rufus Wainwright, Gretchen Wilson and a reunited Alice in Chains, who recruit Phil Anselmo

and William Duvall to sing for the late Layne Staley on "Would?" and "Rooster."
