Introduction

In 1984, the Department of Employment Services (DOES) first published a listing of the Top 200 Chief Executive Officers of Major Employers in the District of Columbia. Since then, the directory has served as an invaluable tool to business planners, administrators, and other parties interested in gaining access to the District's leading employers.

The 2009 directory, Top 200 Chief Executive Officers of Major Employers in the District of Columbia, continues to ensure that contact information of local businesses is readily available to those who need it. The directory represents a variety of local industries such as social services, department stores, restaurants, hotels, educational institutions, construction firms, financial institutions, and membership organizations. The North American Industry Classification System (NAICS) is used to classify the industries. The names of CEOs and human resource directors, as well as contact information, are included and employers are ranked by the size of their workforce.

This snapshot of the District of Columbia's job market represents the industries that help ensure the District's economic prosperity.

Overview

In September 2009, the top 200 firms accounted for 35% of the total private employment in the District of Columbia. Of the 200 employers listed, educational institutions are the largest group with approximately 27,100 workers or 18%. The second largest group is hospitals with approximately 24,200 workers or 16%. Law firms follow with 11,200 workers; hotels with 9,400; and food service establishments with 6,300 workers.

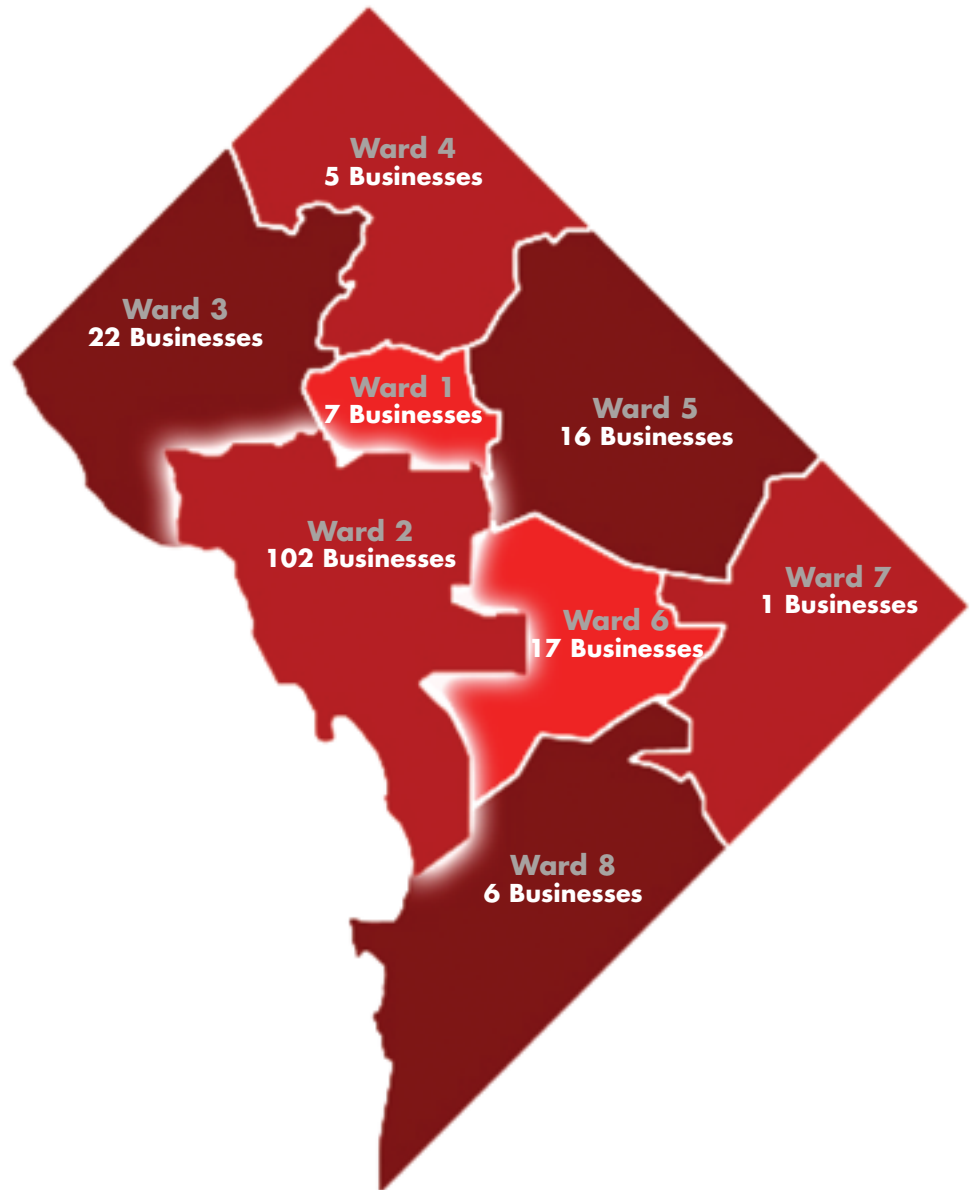

Of the 200 firms, the Washington, DC, individual ward locations break down as follows:

- 102 firms are located in ward 2
- 17 firms are located in ward 6
- 16 firms are located in ward 5
- 22 firms are located in ward 3
- 7 firms are located in ward 1
- 5 firms are located in ward 4
- 6 firms are located in ward 8
- 1 firms are located in ward 7

Finally, five to 10 firms, respectively, have home offices in Maryland or Virginia. Four firms have home offices outside the Washington Metropolitan Area.
