About Pop

Fans don't sit at the outskirts of pop culture making snarky comments. They live right smack in the middle of it, sharing, creating, and connecting their passions with others. At Pop, fans finally have a destination that celebrates the fun of being a fan. Fans aren't even fans anymore – they're gladiators, tributes, human beings and blockheads. Seen in more than 80 million homes, Pop gives fans a dedicated channel that loves being a fan as much as they do. A channel that respects talent over celebrity. A channel filled with optimism, passion, humor, and excitement. A channel that understands the fun doesn't stop when the credits roll... it's really just the beginning.

Pop is a joint venture of CBS Corporation (NYSE: CBS.A and CBS) and Lionsgate (NYSE: LGF). The partnership combines CBS's programming, production and marketing assets with Lionsgate's resources in motion pictures, television and digitally delivered content. Pop's ownership structure is comprised of the company with the #1 broadcast network and many of the top first-run syndication series ("Entertainment Tonight," "The Insider") and the studio that produces and distributes the blockbuster "Hunger Games," "Twilight" and "Divergent" franchises and produces such award-winning TV series as "Mad Men" and "Orange is the New Black."
