Suspension of Membership of EACH Russian Member CCP NCC

Given the actions of Russia against Ukraine and in consistency with wider EU sanctions, EACH feels that we need to take action, both from the perspective of adherence to current and possible wider sanctions and to act in the best interests of our Membership.

The EACH Board has therefore decided to temporarily suspend EACH Russian Member CCP NCC with immediate effect in line with the [EACH Articles of Association](#)¹.

We will keep under review external developments with a view to consider the affected Member's status.
