Examination Reference Files

These files, maintained by FCA field offices on each Farm Credit System institution they examine, are used to retain correspondence, materials necessary for the current examination, and material necessary for future examinations. They contain financial, operational and organizational information about each institution. The field offices refer to them as "permanent" files because they contain institution-specific documentation needed for ongoing reference, as distinguished from the Examination Workpapers (NC1-103-87-2, item 2), which contain documentation that supports a specific examination of an FCS institution.

Disposition: Purge files when documentation is no longer needed or when 5 years old, whichever is sooner.
