Chris Campos | Rebecca Dizon-Ross | Matt Notowidigdo

RESEARCH ASSISTANT

Professors Chris Campos, Rebecca Dizon-Ross, and Matt Notowidigdo are looking for a highly skilled and motivated individual to work as full-time research assistant for a period of at least one year. The preferred start date is July 1, 2024 although an earlier or later start is possible. Applications are reviewed on a rolling basis; the initial full review will be February 14, 2024.

The job will entail close collaboration on a number of new and ongoing projects in applied microeconomics. Previous holders of this position at Chicago Booth have gone on to Ph.D. programs at top programs.

The position will primarily, but not exclusively, focus on topics in labor economics, health economics, development economics, and the economics of education. The ideal candidate will have (i) a strong quantitative background, (ii) strong computer skills including programming, (iii) the ability to work independently to solve problems, and (iv) a long-term interest in pursuing research in economics. Background in economics is a plus, but not necessary—we welcome candidates with strong technical backgrounds who are looking for more exposure to economics. We pay competitive annual salary and provide standard benefits such as health insurance.

If interested, please fill out this online survey: <https://forms.gle/b3fHDnPPyYbmKsgs8>. Please also complete a formal application at https://uchicago.wd5.myworkdayjobs.com/en-US/External/job/Chicago-IL/Research-Professional_JR25040. Be sure to include your CV, cover letter, (unofficial) transcript(s), and a writing sample. If you wish, you may include an optional coding sample in R, Python, or STATA.

Research staff build invaluable and collaborative relationships with Chicago Booth faculty and fellow research staff by engaging in UChicago's rigorous intellectual environment. While at Chicago Booth, research staff hone their research skillset and engage in a bevy of programs—from a coding workshop to writing seminars—that prepares them to undertake independent research. To learn more about roles at Booth, visit <https://www.chicagobooth.edu/faculty/research-staff/life-at-booth>. To learn more about pre-doctoral roles like this in general, and to find other opportunities, please visit <https://predoc.org>.

Chicago Booth is dedicated to creating an environment where people of different backgrounds, broadly defined, feel valued and where their ideas and contributions can flourish. Chicago Booth welcomes applications from women, persons with disabilities, veterans, and under-represented groups. If you need an accommodation to apply to a Chicago Booth Research Staff Program, or if there are other factors impacting your ability to apply to an open position, please email ResearchProfessional@lists.chicagobooth.edu.

The University of Chicago provides equal employment opportunities to all employees, applicants, and job seekers. No person shall be discriminated against in employment or harassed because of race, color, religion, sex, sexual orientation, gender identity, national or ethnic origin, age, disability, veteran status, genetic information, marital status, parental status, ancestry, source of income, or other classes protected by law. This policy includes the commitment to maintaining a work environment free from unlawful harassment.
