Dear Director Lang:

On August 26, 2019, the Department of Health & Human Services and the Department of the Treasury approved Rhode Island's State Innovation Waiver under Section 1332 of the Patient Protection and Affordable Care Act (ACA). Rhode Island's approved application waives the ACA's requirement for the single risk pool to the extent necessary to implement a state reinsurance program called the Rhode Island Reinsurance Program for plan years 2020 through 2024.

It is the Department of the Treasury's final administrative determination that Rhode Island's pass-through funding amount for calendar year 2023 is \$10,758,473, which must be used for purposes of implementing Rhode Island's State Innovation Waiver. This amount reflects changes in Rhode Island state law or regulation that impact the waiver, such as the forthcoming implementation of a new state subsidy for people disenrolled from Medicaid during the Public Health Emergency unwinding program.¹

We look forward to continuing to work with you and your staff. If you have any questions regarding program matters or official correspondence concerning the waiver, please contact Lina Rashid at Lina.Rashid@cms.hhs.gov, or stateinnovationwaivers@cms.hhs.gov.

Sincerely,
