Logo Design

This is the main logo that will be used across primary brand applications. The primary DeepIntent logo uses two colors: dark blue and blaze orange. Primarily, the logo should be used on a white or dark background for maximum impact and clarity.

Always use logo with registration mark.

Don't modify the logo in any way.

Logo Design

Alternative use-case: in cases where the color primary logo is not appropriate, the following one-color versions are available for use.

Use cases: vendor request of one-color logo or if the orange "+" lacks visibility upon placement.

deepintent⁺[®]

The logo consists of the word "deepintent" in a lowercase, sans-serif font, followed by a plus sign and a registered trademark symbol. The plus sign is positioned above the end of the word.

deepintent⁺[®]

The logo is rendered in white against a solid orange rectangular background. The text and plus sign are identical in style to the black and white version above.

Logo Design

DeepIntent minimum size of the logo is 105px on screen, or 1.4in (36mm) in print, measured logo width.

d+ symbol minimum size of the logo is 26px on screen, or 0.3in (9mm) in print, measured logo width

The minimum clear space is defined by the height of the lowercase d in the logo. Try to maximize clear space whenever possible.
