

# Drive your profitability with smarter market intelligence

The energy market is complex and vast. Tracking, aggregating, and analyzing all the data points relevant to your business is a never-ending task. Fortunately, you don't have to do it all yourself.

DTN MarketWire delivers the news, analysis, and insights you need — without the distractions that are irrelevant to the downstream fuel industry.

- Find demand when and where it is
- Get spot price assessments for refined fuels, biofuels, and NGL
- Read the latest commentary and insights on energy market moves
- Uncover new opportunities with margins and analysis

## Diverse & experienced analysts

Staff analysts and editors at MarketWire come from many disciplines, including global oil production and flow, financial and energy markets, technical analysis, geopolitical and monetary policies, and macroeconomics. From their diverse backgrounds, you'll get a holistic picture of market movement and responses to events. With more than 90 spot price assessments, industry oil fundamental data tables and analysis, technical analysis, and industry news, you'll have all of the knowledge you need to successfully execute your pricing strategies.

"The data we receive from MarketWire feeds directly into our back-office accounting system. We don't have to crunch all those numbers ourselves. Instead, we get actionable, reliable data."

Terry Tesch, general manager, R. B. Stewart Petroleum Products, Inc.
