

## **Corporate Social Responsibility**

Kuits embraces the concept of Corporate Social Responsibility (CSR) and recognises that its business should have a material positive impact on society and the environment, and this focus is an integral part of our firm ethos.

We have been serving the needs of individuals and businesses in Manchester for over 110 years.

CSR for us means three things:

- **Supporting our local community**
- **Protecting the Environment and promoting environmental friendly practices**
- **Supporting the wider global community**

### **Fundraising and Charities**

We have a history of fundraising for good causes which are generally organised by individuals who care passionately about helping others and through the efforts of the Community Involvement Team, we continue to support a limited number of national activity based events.

We believe that by focusing on a limited number of local charities. We can have a greater impact.

We have two house charities, Wood Street Mission and Coffee 4 Craig. In addition, during 2022-2023 the following charities and organisations benefited from the various fundraising activities carried out throughout the firm.

Bliss  
Children in Need  
Forever Manchester  
Macmillan  
Mitzvah Day  
Poppy Appeal  
Save the Children

These are primarily initiatives raised by individuals within the firm which the firm supports.

### **Protecting the Environment**

After external audits by Groundwork Manchester City Council, Kuits has been awarded the Environmental Business Pledge Gold Award for raising awareness, identifying a foundation for improving the Firm's environmental performance and making an investment into equipment that reduces our business environmental impact.

Kuits accept its environmental responsibilities and recognises its obligations to contribute to resolving local and global environmental issues by reducing environmental impact.

We fulfill this commitment by:

Operating a fully documented environmental management system certified as meeting the

requirements of BS EN ISO 14001.

- Complying with all relevant environmental legislation, and other requirements to which Kuits subscribes, such as codes of practice.
- Continually seeking to improve our environmental performance, both through our own activities, products and services, and indirectly, through using our influence to affect the practice of others.
- Setting environmental objectives and targets relating to our significant environmental aspects, and regularly reviewing these objectives and targets.
- The prevention of pollution that may arise from the organisation's activities.
- Reducing energy and resource consumption by implementing effective and efficient reduction methods consistent with best practice.
- Minimising the generation of waste and implementing recycling initiatives.
- Identifying means to reduce our environmental impact in the office and in the wider community through our Environmental Impact Community. During 2022 we introduced the cycle to work scheme and public transport scheme, have organised litter picks in the local community.
- Ensuring that this Policy is understood, implemented and maintained at all levels in the organization through effective communication.

The person with overall responsibility for this Policy is Steve Eccleston, Managing Partner and Meave O'Neill, Partner.
