Message from the Editor-in-Chief

The *International Journal of Plant Biology* will publish regular research papers, reviews, short communications and opinion papers. The aim is to provide a platform for publication, information and debate, encompassing all areas that fall within the scope of plant biology. Indeed, the *International Journal of Plant Biology* will deepen plant research at all levels, from the molecular to the whole plant and community scales, including bioinformatics and modeling approaches. We will particularly highlight the importance of contributions to current topics, such as plant–plant communication, protection of plant biodiversity and plants in urban environments.

Editor-in-Chief

Prof. Dr. Adriano Sofò

Aims

The *International Journal of Plant Biology* (ISSN 2037-0164) is an international open access journal on all different subdisciplines of plant biology. The journal publishes reviews, regular research papers and short communications. Our aim is to provide a platform for publication, information and debate, encompassing all areas which fall within the scope of plant science.

Scope

- cellular biology
- developmental biology
- phytochemistry
- phytoremediation
- plant photobiology
- plant signaling
- plant evolution
- plant morphology
- plant phenology
- plant propagation
- plant breeding
- seed technology
- plant pathology
- mycology
- phycology
