

UKCP

Local (2.2km) climate projections

You are invited to an event to mark the release of the UKCP Local (2.2km) climate projections, hosted by Professor Sir Ian Boyd and with a keynote presentation from Professor Christoph Schär.

There will be the opportunity to hear talks from those involved, ask questions about the findings and network with other users of the projections.

Date & Time : Monday 16 September 2019 10.00-15.30

Where : Events @ No6, Alie Street, London E1 8QT

There are limited spaces and to secure your place at the event please respond by 6 September 2019.
