QV4. And who does your organisation use for its postal service? Please think about all mail items including letters, large letters, packets and parcels. [Please note: Answers coded into "other" were back coded into the relevant provider after fieldwork. These participants will not have the same routing as those who self-coded their provider during the interview.]

QV4. And who does your organisation use for its postal service? Please think about all mail items including letters, large letters, packets and parcels. [Please note: Answers coded into "other" were back coded into the relevant provider after fieldwork. These participants will not have the same routing as those who self-coded their provider during the interview.]
