

With the 2021 ACS 5-Year data now available, please note that there are label changes to some geographies found in the 2021 5-Year ACS API. While there are no underlying changes to how these geographies are defined, the change in the label does impact the syntax of the geography portion of the API queries, meaning that queries using these geographies from the 2020 5-Year ACS or earlier will not work. *If you use any of these geographies in your queries, please be sure to update the geographic syntax prior to retrieving data from the 2021 5-Year ACS API.*

The impacted geographies are:

2020 5-Year ACS and earlier		2021 5-Year ACS
